

NEW!

Late Night with OHC

6 – 10pm
1st Saturdays and 3rd Wednesdays each month
Begins February 4, 2006

The Occupational Health Clinic is pleased to announce a new service for VUMC faculty and staff who work nights and weekends! A mobile cart staffed by an OHC professional will be moving through VUH and VCH to offer TB skin tests and immunizations for the convenience of those working night and weekend shifts. Services offered include:

- Review your OHC record to see what you need
- TB skin test
- MMR vaccine
- Hepatitis B vaccine
- Tetanus vaccine
- Flu vaccine (in season)
- Education and information about other OHC services:
 - Work Injury Care
 - The Return to Work Program
 - Infectious Exposure Management
 - Blood and Body Fluid Exposures and Sharps Safety
 - Ergonomics and the Smooth Moves Program
 - Applying for FMLA
 - Smoking Cessation
 - Allergy Shot Program
 - Travel Vaccines for Business Travelers

You can call 936-0955 during “Late Night with OHC” hours to speak with the late night nurse!
