# How do I create a group assignment?

The use of groups in Blackboard allows instructors to implement student group activities, collaboration, and assignments. This tutorial will show how to create a group assignment. This tutorial assumes that you already have knowledge of how to create an assignment. If not, click here to view the assignment tutorial.
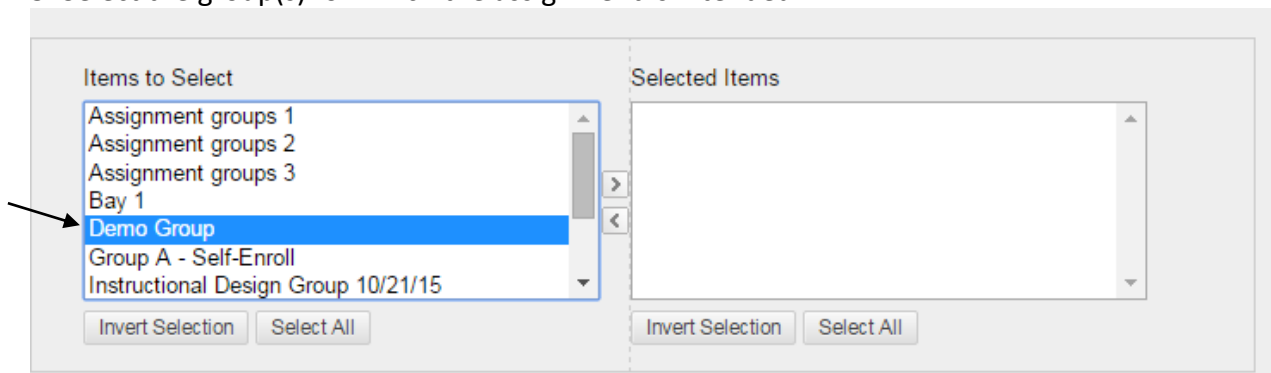

1. From the assignment set-up page, click the link for **Submission Details.**

2. For Assignment Type, select **Group Submission.**

3. Select the group(s) for which the assignment is intended.

4. Click the **right arrow** to move the selected group to the **Selected Items** column.

5. Continue editing the assignment settings and options.

6. Click **Submit.**
