Dear Chapter Presidents, Members and Advisors,

This packet will assist you in planning your membership intake programs for the upcoming year. The completion of these documents is required of all National Pan-Hellenic Council, Inc. and Multicultural Greek Council chapters, in order to conduct an intake process on the Vanderbilt University campus. Please take a moment to review these forms and guidelines, and bring any questions or concerns to me.

**Privacy Statement**
We would also like to assure you that we do not intend to use these documents in any manner that will undermine the traditions of our organizations on this campus. In doing so, we promise to protect your chapter's interests and privacy by keeping the information submitted confidential. No one, other than the Office of Greek Life staff, will have access to these forms during the membership intake process.

All Membership Intake packets will be stored in the Office of Greek Life for a minimum period of twenty-four (24) months. Access to the documents will be denied to all parties except for chapter advisors, and representatives of the National or International headquarters. All other inquiries regarding these documents will be referred to the organization’s chapter president and advisor.

**Intake Windows**
For the 2016-2017 academic year all membership intake activities must take place between the following time frames.

**Fall:** Wednesday, September 7, 2016 - Friday, November 18, 2016

**Spring:** Monday, January 23, 2017 – Monday, April 3, 2017

Membership intake activities are defined as any and all activities that are required by the International/National fraternity or sorority of prospective members to gain membership into an organization.

For example, if it is required that prospective members attend a rush, informational meeting, interest meeting and/or awareness seminar, complete an application, provide transcripts, participate in an interview(s), pay fees, attend sessions, etc. in order to gain membership, the University regards those activities as a part of the membership intake process and therefore must fit within the intake windows. This window must also include any event in which you intend to present your new members to campus, family members, or friends.

It is imperative that you check with your Regional and/or District representatives to ensure that your organization can adhere to the aforementioned dates. If a mandatory event or conference pertaining to new member intake is scheduled after the intake window, please notify the office so that we can determine a new course of action.

*If you have any questions regarding intake, please do not hesitate to ask. Good luck!*

Interfraternally,

Harold Brown  
Coordinator of Greek Life

Anti-Hazing Statement

**Policy on Hazing**

_Tennessee State Law: 49-7-123. Hazing prohibited_

(1) "Hazing" means any intentional or reckless act in Tennessee on or off the property of any higher education institution by one student acting alone or with others which is directed against any other student, that endangers the mental or physical health or safety of that student, or which induces or coerces a student to endanger such student's mental or physical health or safety. "Hazing" does not include customary athletic events or similar contests or competitions, and is limited to those actions taken and situations created in connection with initiation into or affiliation with any organization; and (2) "Higher education institution" means a public or private college, community college or university.

Each higher education institution shall adopt a written policy prohibiting hazing by any student or organization operating under the sanction of the institution. The policy shall be distributed or made available to each student at the beginning of each school year. Time shall be set aside during orientation to specifically discuss the policy and its ramifications as a criminal offense and the institutional penalties that may be imposed by the higher education institution.

While including the statutory limitations of hazing above (i.e., student acts directed at students on or off campus), the University expands its definition of hazing to include any act that may produce, or is intended to produce, mental or physical discomfort, embarrassment, harassment, or ridicule; or any acts that are humiliating, intimidating, or demeaning, or that endangers the health and safety of another person. Such acts include— but are not limited to—paddling in any form; inducement of excessive fatigue, or physical or psychological shocks; acts of personal servitude; implementing or participation in treasure hunts, scavenger hunts, or road trips that are not approved by a University department; publicly wearing apparel which is conspicuous and not normally in good taste; engaging in public stunts; morally degrading or humiliating games and activities; drinking games; late work sessions and other obligations which interfere with scholastic purposes of the organization; and any other activity inconsistent with the purposes of the organization’s constitution, by-laws, standing rules and policies, or University policy. Students are subject to federal, state and local laws, and policies and regulations of the University.

**Examples of hazing include, but are not limited to:**

- A pledge/new member activity that active members do not participate in. No pledge/new member should be involved in an activity that the active members don’t do. There should be an equal number of actives and new members, and the actives must be participating in the same manner as the new members (i.e. not just sitting around watching them clean...everybody helps)
- Sleep deprivation– New member activities should not go on between 12:00 am—8:00 am
- Any activities prior to the start of intake related activities and post initiation
- Any activities that interfere with academics
- Physical or verbal harassment
- Any form of questioning under unnecessary pressure or in an uncomfortable position. Ex. – a new member should not be verbally abused after missing a question
- Mandatory workouts – While working out may be “healthy,” there are risks associated with making someone work out. If someone falls and breaks a leg, or passes out and hits their head, the chapter will be liable. Requiring new members to wear ridiculous costumes or perform ridiculous activities, or having them all wear the same clothing item(s)
- Silence periods of any kind
- Requiring new members to call active members Mr., Miss, etc. You should address new members and brothers exactly how your headquarters prescribes.
Hazing is prohibited and any member failing to comply with this policy is subject to disciplinary action. This policy pertains to all potential new members, active members, and alumni/ae members of the Fraternity/Sorority.

All members are subject to federal, state and local laws, and rules and regulations of the institution.

By signing below, you are verifying that you have read, understand, and will comply with the policies and guidelines outlined above.
