Krish Vigneswaran

Krish Vigneswaran has been a member of Vanderbilt's Student Government Association for three years; starting as a member of the future leaders program and currently serving as the Multicultural Affairs Co-Chair for the second year and on the Executive Board as Chief of Staff. Since joining SGA Krish has co-signed numerous resolutions that have affected the Vanderbilt community by providing funding to numerous organizations and working to expand the school's curriculum, and adding new events and responsibilities to the student government. He was recently awarded the Chancellor's Award for Diversity Initiatives for his efforts in founding the Multicultural Council and creating events that have brought students together from a variety of backgrounds. After petitioning the administration to add an office of intercultural affairs, Krish has worked closely with the Dean of Student Life and the office of Leadership Development and Intercultural Affairs to generate lasting positive change on the Vanderbilt's campus. As President, his experience and progressive ideas will bring about great changes for Vanderbilt students that will further unite the school under one vision, one goal, and one Vanderbilt.

*One
Goal.
One
Vision.
One
Vanderbilt*

Vanderbilt
is
