

Notification of Fabricated Equipment -- "We're Building a Capital Asset!"

Complete this form and send to Asset Management before the purchase of items that will be used in the fabrication of equipment that will have a combined cost of \$3,000 or more and have a useful life of more than one year. Asset Management will assign you a V-tag number to be used for tracking the fabricated item. All purchase requisitions for parts used in the fabrication of this asset should be copied to Asset Management with the V-tag number clearly indicated. If you are purchasing parts with a Pcard, send a copy of the invoice and indicate the tag number on the invoice. When the asset is complete, notify Asset Management and we will send the assigned V-tag.
