

## Call for Programs

The 2009 Southern College Health Association (SCHA) Planning Committee invites you to submit an abstract for a concurrent session at the SCHA 2009 Annual Conference to be held March 5-7, 2009 in Nashville, Tennessee. If you are interested in submitting an abstract for review by the SCHA 2009 Planning Committee, please complete the forms in the Program Submission Packet. The deadline for the Call for Programs is September 15, 2008.

The 2009 SCHA Committee seeks programs that are relevant to college health, addressing administrative, nursing, counseling, primary care and wellness fields.

Preference will be given to topics compiled from our needs assessment and SCHA 2008 evaluations. Hot topics include: mental health diseases, drugs and resources, immunizations, travel medicine, allergy injections, sexually transmitted infections/HIV, sports medicine, violence on campus, drug abuse and pap guidelines.

The Program Submission Guidelines have been included in the program submission packet. Please read the information thoroughly and complete all requested information to assist in a successful program submission. We do request that all speakers bring their own laptop for the presentation.

The 2009 SCHA Planning Committee will review all submissions in October/November 2008 and notify the primary presenter of acceptance or rejection of program submitted.

We thank you in advance for your program submission and invite you to contact us if additional information is needed.

**Please respond to Call for Programs by submitting your completed program submission packet by Friday, September 15, 2008.**
