

SustainVU is pleased to offer

## **glass recycling at the VU Recycling Center!**

The VU Recycling Center is located on Peabody Campus behind The Commons Center.

The glass recycling can be found in the three blue containers next to the Plastic and Aluminum recycling dumpster. Anyone is welcome to bring their glass to this location for recycling.

Note: this is the ONLY location on campus where glass recycling can occur. Any glass placed near or in the recycling bins outside of your residence hall/house will not be recycled - it will be thrown away.
