

# RECYCLE YOUR INK CARTRIDGES AND CELL PHONES

## RAISE FUNDS FOR THE SUSAN GRAY SCHOOL ON CAMPUS!

*Every year, millions of recyclable ink cartridges and cell phones are landfilled. These items are valuable and can be recycled! It's easy to recycle to help the environment AND to support the Susan Gray School for Children on Peabody College at Vanderbilt University.*

### **To Participate:**

Drop off your ink cartridges and/or cell phones by going to the Kennedy Center/MRL on Peabody Campus and entering through the main doors off Magnolia Circle near the Iris Cafe. Ride the elevator down to the first floor. Exit the elevator and look right. The drop off site is just around the corner. For more information, contact the Susan Gray School at 615.322.8200.
