BALANCE
Statement: We are a multi-layered institution with many driving forces. It is our responsibility to seek balance in all that we do. We should seek to find order out of chaos, ways to connect despite differences, and work together to fulfill our mission of advancing education, research and health care.

Key Words:
- Dreams & Ideas: Reality
- Landscape
- Logic of Association and Continuity
- Order
- Place Making
- Proximity
- Scale

COLLABORATION & COMMUNITY
Statement: We must seek to form and promote a community environment that is welcoming, where experiences can be shared in and out of the classroom, and promotes collaboration for all audiences involved.

Key Words:
- Audience
- Coexist
- Experiences / Sharing
- Interdisciplinary
- Social infrastructure in planning

DISCOVERY & INNOVATION
Statement: Discovery exists throughout all campus endeavors and should always be considered in the discussion—whether discovering who we are as students, discovering through research, and advancing our learning as a community.

Key Words:
- Contemplative
- Frontier Space
- Humanist
- Incubator
- Mental Theatre
- Pedagogy
- Transformative

DIVERSITY & INCLUSION
Statement: We must seek to promote an environment that embodies our commitment to diversity, inclusion and equity, which are paramount to our identity.

Key Words:
- Center: Differences Converge

(Note – Relates to collaboration & community, and interactions)

INTERACTIONS
Statement: Interactions and connections with our peers and colleagues are integral to understanding the humanistic nature of our mission. Centers should be viewed as a place where differences converge and promote healthy connections.
