Brightwheel automatic payment is the required method of payment.

Income-based discounts (please note a family can only use one of the following programs, not both):

**Vanderbilt Tuition Scholarships**
Families with household incomes of less than $100,000 may apply for a tuition rate adjustment. The amount of the adjustment is based on gross household income levels ($0 - $49,999 – 50%); ($50,000 - $74,999 – 20%); ($75,000 - $99,999 – 7%) and the total funding available. If approved, please be advised that federal tax law requires that we report all discounts as a taxable benefit.

All families that currently receive an adjustment must **reapply for 2022-23 by July 1st** in order to have the discount applied to August tuition. You will not receive a discount until a new, complete application and ALL required documentation is received and approved. You will receive email confirmation once approved.

If you are a new family to VCFC, please fill out and return within one week of accepting a position.

**TN-DHS Child Care Certificate Program**
The Child Care Certificate Program is a state program that assists Families First participants, parents transitioning off Families First, parents working or enrolled in post-secondary education programs, teen parents, and children in foster care. It’s also called the subsidized child care program. To participate in the program, families must be declared eligible by the Department of Human Services (TDHS) staff or by the Department of Children’s Services (DCS) staff for children in foster care.

TDHS provides financial assistance with child care costs for families meeting income guideline criteria through several child care assistance programs. For more information go to the Tennessee Department of Human Services website.

Details are on the VCFC website under the Early Childhood Care and Education tab for The Acorn School or contact Linda Wilson, Administrative Officer for Vanderbilt Child and Family Center at linda.l.wilson@vanderbilt.edu
