Smriti Smriti	Vanderbilt University	School of Medicine	Molecular Physiology and Biophysics	Research Instructor	Biology, Biochemistry e.g. proteins, membranes, lipids, their interaction. Fluorescence spectroscopy Different techniques to understand protein-protein interaction.
Kendra Oliver	Vanderbilt University	School of Medicine	Pharmacology	Med Student?	Biology, Physiology, Pharmacology
Cristina Harmelink	Vanderbilt University	School of Medicine	Pediatric Cardiology	Post doc	Biology: General, Molecular, and Developmental Genetics (B.Sc. in Biology from Creighton University, Doctorate in Genetics at the University of Alabama at Birmingham)
Karissa Tilbury	Vanderbilt University	School of Engineering	Biomedical Engineering	PhD student	Biomedical engineering Freshman/Sophomore level physics Biology and physiology
Carl Sedgeman	Vanderbilt University	School of Medicine	Biochemistry	Med Student?	General Chemistry, General Biology, Biochemistry, Molecular Biology, Genetics
Emily Burchfield	Vanderbilt University	School of Engineering	Civil & Environmental Engineering	PhD student	GIS , Remote Sensing , Introductory Statics , Environmental Management (expertise in area of agricultural water management), Socio-ecological systems, coupled human-natural systems
Joyonna Gamble-George	Vanderbilt University	School of Medicine	Psychiatry/Brain Institute	PhD student	Neuroscience, General Biology, Mental Health/Psychiatric Disorders, Health Administration/Management/Finance
Danxia Yu	Vanderbilt University	School of Medicine		Postdoc	Nutrition, Epidemiology
Gardner, Andrea	Vanderbilt University	School of Engineering	Civil and Environmental Engineering	PhD student in Environmental Engineering	Open to teaching anything
Christie, Kofi	Vanderbilt University	School of Engineering	Civil and Environmental Engineering	PhD student	Civil Engineering
Todd Evans	Vanderbilt University	School of Engineering	Mechanical Engineering		Mechanical Engineering

Krstina Kitco	Vanderbilt University	College of Arts and Science	Materials Science	PhD student	Mechanical engineering, materials science, physics, neuroscience, general engineering, electrical engineering, engineering management, anthropology
Peter Kropp	Vanderbilt University	College of Arts and Science	Physiology & Biophysics	PhD student	Biology, molecular biology
Begüm Erdogan	Vanderbilt University	College of Arts and Science	Biological Sciences	PhD student	Biology, Biological Sciences, Cell biology, Molecular biology, Genetics, Neurobiology
Nicole Lavender	Vanderbilt University	School of Medicine	Cancer Biology	Postdoc	Biology, others?
Katie Hutchinson	Vanderbilt University	School of Medicine	Hematology/Oncology	Postdoc	Biology / Cell Biology Genetics Metabolism Health/Medical Sciences Introductory Chemistry
Jonathan Ehrman	Vanderbilt University	College of Arts and Science	Physics and Astronomy	PhD student	Physics Astronomy Math Possibly some lower level engineering courses, though I haven't formally studied it.
Shuqun Shi	Vanderbilt University	College of Arts and Science	Biological Sciences	Research Assistant Professor	Biology, ?
Mohit Chadha	Vanderbilt University	School of Medicine	Hearing & Speech Sciences, Vanderbilt Brain Institute	Postdoc	Physiology Neurophysiology Brain, behavior, biology Introductory statistics
