

Current Needs

Safe Haven accepts in-kind donations of items our families can use in either the shelter program or as they move into transitional and permanent housing.

Unfortunately, we cannot accept all donations. Please consult our needs/wish lists below before donating as these are the only items we can take at this time. Due to storage, we have to limit donations to only what we deem current needs. *(Please note that we are no longer accepting donations of clothes due to lack of storage space.)*

It is great when donors purchase items online and have them sent to our shelter, but we also accept donations in person (drop off) by appointment **only**. This ensures someone is present and assists you in accepting the donations. If you have any questions, please email info@safehaven.org or call 615.256.8195.
