In the 4th District and surrounding areas, residents can access high-quality doctors and other health care providers with specialties in primary care, radiation and medical oncology, and ophthalmology and optometry. Vanderbilt Health Spring Hill offers urgent care services such as sports physicals, worker’s comp, X-rays, and sutures. Vanderbilt Children’s After Hours Clinic provides urgent care services to children during hours when pediatricians’ offices are closed. Vanderbilt-Ingram Cancer Center offers state-of-the-art therapies and treatments, while the Vanderbilt Eye Institute provides comprehensive eye services. Vanderbilt Heart provides advanced cardiovascular care in various locations across Tennessee and Kentucky, ensuring that residents have access to high-quality care right in their communities. Vanderbilt University's impact on the community includes providing treatment for patients and offering various services and support. For more information, contact Vanderbilt’s Office of Federal Relations.
