Dear Vanderbilt Student-Athletes,

At Vanderbilt, our student-athletes are privileged to enjoy athletics and academic excellence at the highest level. We are proud of the opportunity that you have to win in all areas. Our athletic programs are an important part of the campus community and foster traditions that we are committed to maintain. You must strive to do your best and we will always give you our best.

Your Vanderbilt family is committed to assisting you all of your endeavors. Your participation at the highest level of intercollegiate athletics will expose you to many of life's great lessons: hard work, discipline, teamwork, perseverance, competitiveness, and adversity. These lessons, along with the world-class education you will receive at Vanderbilt, will propel you into positions of leadership in many different areas. I encourage you take advantage of every opportunity on and off the playing field, and use this handbook as a guide to help you during your Vanderbilt journey!

Go 'Dores!

David Williams, II

Vanderbilt Athletics Mission Statement:

*We prepare student-athletes to become leaders
and champions in life by placing the highest
values on integrity, character, sportsmanship and
victory.*

Welcome Back!

As we prepare to begin another year of classes and competition, I am reminded what it means to be a student-athlete at Vanderbilt. Every day we are faced with the challenge of pushing our limits to succeed on the field, court, track, course, and in the weight room. But on top of that, we also must balance a rigorous academic schedule, serve our community, and still find the time to enjoy the college experience. Although this juggling act can be extremely difficult at times, I think we all discover that our hard work and dedication pays off when we get the opportunity to wear the black and gold, representing our university and fellow Commodores with pride.

It is our job as the Student-Athlete Advisory Committee to give you the opportunity to represent Vanderbilt in as many ways as possible. From involvement in campus activities and community service, to having your opinions heard throughout the university, the Southeastern Conference and the NCAA, you can make as large of an impact as you desire. I guarantee that your suggestions and concerns are heard, so please do not hesitate to voice them.

Another year is upon us, full of extraordinary performances both within and outside of our respective sports. To be surrounded by such dedicated and talented people is an incredible experience, and I hope you will make the most out of your short time here at Vanderbilt.

Go Commodores!

STUDENT ATHLETE ADVISORY COMMITTEE

The Student Athlete Advisory Committee (SAAC) is a committee made of up student athletes assembled to provide insight on the student athlete experience. The SAAC offers input on the rules, regulations and policies that affect student athletes' lives in NCAA member institutions. The mission of the NCAA Student Athlete Advisory Committee is to enhance the total student athlete experience by promoting opportunity, protecting student athlete welfare and fostering a positive student athlete image.

Vanderbilt SAAC is very active in the service component and sponsors a comprehensive outreach effort with the surrounding Nashville community. SAAC also provides you and your teammates with a means to communicate with the University administration on issues affecting all student athletes. We hope that you will use SAAC members as a resource to present your concerns and offer suggestions to improve your experience as a Vanderbilt student athlete. Your team representatives are listed below.

LIFE SKILLS

The mission of the NCAA is to maintain intercollegiate athletics as an integral part of the campus educational program and the athlete as an integral part of the student body. With this in mind, the Life Skills Program was created to support the student development initiatives of its member institutions and enhance the quality of the student-athlete experience within the university setting. Balancing academic success, athletic competition, and personal growth along with student life can be very challenging. The Life Skills Program helps facilitate the Vanderbilt commitment to foster the total growth and development of our student athletes. To that end, there are five program commitments: Academic Excellence, Athletic Excellence, Personal Development, Career Development, and Community Service.

Academic Excellence

A *Commitment to Academic Excellence* ensures that each student athlete will have the opportunity to excel in his/her chosen field of study and that athletic programs will provide services to support and enhance the academic success of the student-athlete.

Please refer to handbook section on Academic Support for Student Athletes.

www.vanderbilt.edu/studentathletes

Athletic Excellence

A *Commitment to Athletic Excellence* ensures that each student athlete will be provided facilities, coaching staff, and support services that will enable them to excel in a broad program of sports sponsored by Vanderbilt. The fundamental principles of this program will be based on a commitment to sportsmanship, equity, fair play, and integrity.

Please refer to handbook section on Athletic Facilities, Medical Support, Strength & Conditioning and Training Table.

www.vucommodores.com

Personal Development

A *Commitment to Personal Development* ensures that each student athlete participating in Life Skills will be provided with opportunities to focus on personal growth issues such as clarifying values, setting goals, and learning fiscal responsibility. Each component will be focused toward developing a healthy lifestyle.

Life Skills facilitates educational programs on topics such as Substance Use and Abuse Workshops, Time Management Workshops, Etiquette Training Workshops, Stress Management and Diversity Education. In addition, Student Athletics at Vanderbilt has a Health Enhancement Committee comprised of staff from the Training Room, Sport Psychologist, Life Skills, Sports Dietician, Academic Support, a doctor from Vanderbilt Medical Center, and an Associate Director who meet monthly to create and evaluate programs that foster student athlete wellness, education and help make our student-athletes perform at their best!

Career Development

A *Commitment to Career Development* places a priority on preparing for life after intercollegiate sports. The program acquaints student athletes with the job search process, provides networking opportunities, and ultimately assists with job placement. As the Life Skills program works towards the development of the total person, the ultimate goal is to develop individuals who will have rewarding careers and productive lives.

Life Skills collaborates with the Vanderbilt Career Center to help students and graduates of Vanderbilt University develop a career path. This is accomplished by offering a variety of services and educational programs that help them assess career options, learn job skills, gain career-related experience, and connect with employers. The Career Center is available to help students and graduates of Vanderbilt University develop and implement career plans. This is accomplished by offering a variety of services and educational programs that help them assess career options, learn job skills, gain career-related experience, and connect with employers. Some of the program topics include:

- Career Exploration
- Job/internship Search Skills
- Resume/Cover letter Development
- Interviewing
- Career Fairs

The Career Center has developed the VPath to help you develop a course of action to take throughout your undergraduate college career.

1. **Exploring Your Future** involves self-discovery, assessing your skills, abilities, interests and values.
 - Research options
 - Consider possibilities
 - Test options
 - Evaluate options against preferences
2. **Planning Your Future** requires decisions.
 - Choose a direction
 - Develop an action plan
 - Make contact
 - Network with people who can help
3. **Taking Action** will begin the process of gaining experience in your area of interest.
 - Build skills and knowledge
 - Pursue goals
 - Identify opportunities
 - Follow through
4. **Developing professionally** is a time of change and adjustment.
 - Transition to professional life
 - Develop skills
 - Grow in your career

- Evaluate strengths and interests
- Make changes for growth and happiness

Community Service

A *Commitment to Community Service* is our challenge to our student athletes to give back to the Nashville community and to individuals who are in need through a clearly defined program of service. Our student athletes will be given opportunities to develop the foundation for a lifelong commitment to volunteerism.

Student Athletics' community outreach activities are far-reaching and encompass numerous areas both within the Vanderbilt community and the greater Nashville community, including the Office of Active Citizenship & Service (OACS), the Greek community and the Vanderbilt Children's Hospital.

Black & Gold Banquet

With the assistance of SAAC, Life Skills hosts an annual awards banquet in April for all of the teams. At this event, student athletes are recognized for their athletic, academic, and service contributions to the Student Athletics department, Dean of Students, Vanderbilt and the Nashville community.

Dr. Jerry Reves Award (Senior student athlete with the highest GPA)

Play of the Year (Male & Female)

Mr. Commodore & Miss Commodore

Comeback Player of the Year (Male & Female)

Newcomer of the Year (Male & Female)

Community Service Award

Jim Robins Award

Exit Interviews

Each year the Department of Student Athletics conducts an exit interview with each graduating student athlete in order to solicit feedback that will enable the department to improve and enhance the experience for those who follow. This evaluation will include the completion of the "Student Athlete Exit Interview Survey" as well as a one-on-one exit interview with a member of the administrative staff within the Department of Student Athletics.

Contact your Life Skills Coordinator with any questions:

Alison Wenzel

alison.wenzel@vanderbilt.edu

Stratton Foster Academic Center

The Stratton Foster Academic Center was created in 1986 to serve as a focal point of student-athlete activity. The resource center bears its name from M. Stratton Foster. Foster graduated from Vanderbilt University in 1921 with a Bachelor of Arts degree. He earned his Bachelor of Engineering degree from the University a year later. He developed a strong belief in the importance of education and upon his death, the M. Stratton Foster Charitable Foundation was created in his name to promote many of his cherished ideals.

The Stratton Foster Foundation has contributed over \$1 million since 1986 towards the tutoring program as well as improvements and upkeep of the academic center. These contributions have allowed the student-athletes to have access to a comprehensive academic support program, allowing the Commodores to continually rank among the nation's elite student-athletes.

The Stratton Foster Academic Center is conveniently located in the McGugin Center, home of Commodore Athletics. It serves as a study and consultation area for the student-athletes. It is also a resource center to meet with a tutor or Academic Counselor, use a computer, to study and to read.

The bi-level facility was completed renovated, and opened in September 2011. It is now equipped with two computer labs for student-athletes to write papers or do research while in the Stratton Foster Academic Center. Student-athletes have access to the academic center throughout the day and night. Various individual, private study carrels are available, along with numerous chairs, tables, and desks located throughout the center to provide a comfortable studying environment. The private study rooms and conference room allow student-athletes to work with tutors, study individually, and/or meet with other individuals in their courses. The common areas allow for student-athlete and academic support staff interaction.

Additional information regarding the Stratton Foster Academic Center can be found on the Academic Support for Student-Athletes website.

www.vanderbilt.edu/studentathletes

Academic Support Program

The Academic Support Program is designed to assist student-athletes in reaching their full potential both academically and personally, for their time at Vanderbilt, and their lives beyond.

What is an Academic Counselor?

The Stratton Foster Academic Support Center staff is here to ensure our student-athletes fulfill their academic obligations with discipline, perseverance, and integrity. An Academic Counselor's responsibilities include, but are not limited to, meeting weekly or bi-weekly with all student-athletes from his/her assigned athletic teams, monitoring study hall, checking class attendance, informing faculty members of student-athlete absences due to team travel, illness, or other excused absence, and referring student-athletes to the appropriate campus-wide resources.

Weekly Meetings

The Academic Counselor meets weekly with every freshman, all student-athletes who are in danger of falling short of achieving good academic standing by Vanderbilt University standards and all student-athletes who wish to meet weekly. In these weekly meetings, the following items are discussed:

- Academic progress, including recent grades the student-athlete has received on exams, papers, quizzes, projects, and/or class assignments.
- Upcoming events and/or assignments due in the student-athlete's courses.
- Evaluation of the student-athlete's time management and study skills.
- Tutoring and/or Review Session options.
- Preparation for team travel, including when assignments will be completed if traveling, in coordination with the student-athlete's professors.

In addition to weekly meetings, each Academic Counselor communicates as needed with all other student-athletes on their respective athletic teams.

Study Hall

The Stratton Foster Academic Center is open to every student-athlete and monitored on Sundays 2:00pm-10:00pm, Monday-Thursday 8:00am-10:00pm, and Fridays 8:00am-5:00pm. Swipe card access is available 24/7.

Every freshman and selected other student-athletes are required to accomplish up to 10 hours of study hall each week. The Academic Counselors monitor study hall each evening. This study hall requirement is designed to help the student-athletes with time management skills and to help them adjust to the challenging academic expectations at Vanderbilt University.

Tutoring Program

The Department of Student Athletics has a very active Tutoring Program with the goal of providing the student-athlete with the best possible academic assistance. The Tutoring Program has tutors who are able to cover over 200 different academic courses. If a tutor is needed in a subject not currently covered, the best effort will be made to hire an additional tutor to fit the student-athlete's need, or the student-athlete will be referred to the various tutoring opportunities on campus. Individual as well as small group tutoring is available to all student-athletes. All tutoring sessions are held throughout the Academic Support Center. All tutor requests are to be made through the student-athlete's Academic Counselor. After each tutoring appointment, the tutor submits a report of the session, updating the Counselor, Tutor Coordinator, and Director of Academic Support on the academic progress of the student-athlete. Tutoring sessions act as a review and further explanation of the material covered in class, not as a supplement for class attendance. All services are provided at no cost to all student-athletes.

Class Checks

Class attendance is critical for all student-athletes due to the high academic expectations at Vanderbilt University. Because student-athletes do miss a limited number of classes for athletically related travel, it is imperative they attend all classes while on campus. Academic Counselors perform random class checks on all student-athletes throughout the course of the semester.

Class Attendance Policy

Vanderbilt student-athletes are required to attend ALL class meetings unless they are excused for University representation or have another acceptable and verifiable reason to miss class such as illness, surgery, family emergency, or religious observation. An excused absence for University representation is determined as follows: "When a University-sponsored organization or office requires that a student represent the University in an official capacity, and that representation will lead to the necessary missing of a regularly scheduled class meeting, the student's absence from that class meeting may be considered a candidate for being considered authorized."

For complete details, please refer to the written Class Attendance Policy.

Referrals to Campus Resources

Because the Academic Counselor interacts with the student-athletes on a regular basis and develops close relationships with them, he/she may discover information that makes it advisable to refer a student-athlete to the various campus resources at Vanderbilt. These campus resources may include:

- Dean's Offices
- Faculty Advisor
- Life Skills
- Career Center
- Equal Opportunity, Affirmative Action, and Disabilities Services Center
- Psychological and Counseling Center
- The Writing Studio
- Libraries
- Various cultural, gender, and religious centers

Travel Reminders

Each Academic Counselor in the Stratton Foster Academic Center e-mails the professors of all his/her student-athletes at the beginning of each semester, listing the anticipated absences due to team travel that will occur over the course of the semester. The Counselors follow up this letter with an e-mail in advance, to serve as a reminder to the professors of those student-athletes who will not be in class. The student-athlete is also expected to develop good lines of communication with his/her professors regarding athletically related travel and to remind them of an absence in a timely manner. Counselors also notify professors and college deans of class absences due to surgeries, illnesses, family emergencies, or other extenuating circumstances that would keep the student-athlete out of class.

Taking Exams during Team Travel/Proctoring Exams on the Road

If team travel necessitates missing a test date or assignment-due date, the student-athlete works directly with the professor to make arrangements for completing the work that will be missed. It is strongly encouraged that the student-athletes take the test or turn in the assignment before or after the travel (preferably before). On the rare occasion when it is mandated by the professor that a student-athlete take a test during travel, the Division of Academic Support will arrange for an Academic Counselor or the Associate Director for Student Athletics accompanying the team to proctor the test; if that is not possible, the Division will arrange for the test to be proctored by a member of the Academic Support staff of the host school our team is visiting. Coaches and any personnel other than the Academic Counselor, Associate Director, or Academic Staff member from the host institution may not proctor exams.

The Honor System

The Honor System is a time-honored tradition at Vanderbilt, having been established in 1875, only two years after the founding of the University itself. Since the original founding, the pledge has been modified and expanded upon in order to meet the developing needs of a modern university. Throughout the years, the purpose of the Honor System has remained the same: to foster and maintain personal integrity within each student and to maintain the highest level of integrity for which Vanderbilt University has been known and respected. The Honor Council has a three-fold purpose: to secure justice for any student under suspicion of

dishonesty, to vindicate his or her name if innocent, and, if guilty, to protect the honor and standing of the remaining students by his or her punishment as set forth in the Bylaws.

The Honor System rests upon the presumption that all work submitted as part of course requirements is produced by the student without help from any source unless credit is given in a manner prescribed by the instructor. The system applies to examinations and to written work sub-mitted to instructors, such as papers, reports, and solutions to problems.

All students must attend orientation on Vanderbilt's Honor System. Ignorance of the Honor System and all it stands for is no excuse.

Honor Code Pledge

Vanderbilt University

*I pledge to pursue all academic endeavors with honor and integrity.
I understand the principles of the Honor System, and
I promise to uphold these standards by adhering to the
Honor Code in order to preserve the integrity of
Vanderbilt University and its individual members.*

Undergraduate

Honor Council

Honor Integrity Truth

Grading System

Students are graded on a four-point grading system. All work is graded by letters, interpreted as follows:

- A excellent
- B good
- C satisfactory
- D minimum pass work
- F failure

Under certain conditions, the following grades may be awarded:

- W withdrawal
- P pass (see P/F course provision)
- M missed final examination (prior approval needed)
- MI missed final examination with additional incomplete requirements
- I incomplete in some requirements other than the final examination
- E temporary grade representing borderline D- or F work, and re-examination may be required

Plus and minus modifiers may be associated with letter grades A through D as shown in the table below. Grade point averages are calculated using indicated grade-point values.

Defined grades with corresponding grade point per credit hour:

A	=	4.0	B	=	3.0	C	=	2.0	D	=	1.0
A-	=	3.7	B-	=	2.7	C-	=	1.7	D-	=	0.7
B+	=	3.3	C+	=	2.3	D+	=	1.3	F	=	0.0

Pass/Fail

The student-athlete may take some hours that count toward the degree on a Pass/Fail basis. Rules vary by college/school and you **MUST** consult the current *Undergraduate Catalog* and your Faculty Advisor to verify specific rules. Grades of Pass are not counted in the calculation of the GPA or in the determination of honors. All students must be enrolled in at least 12 graded credits each semester, **unless the student-athlete is in his/her final semester before graduating and needs less than 12 hours to graduate.**

Computation of the GPA

To determine the GPA, multiply the grade point by the number of quality hours for each course, then divide the total number of quality points earned by the total quality hours earned. Do not include any courses taken for no credit, courses from which the student-athlete has been withdrawn, or courses in which a grade of a Pass has been received. For example:

Course	Grade	Quality Hours	Grade Point X Quality Hours = Quality Points				
ENGL 102W	A	3	4	X	3	=	12.0
MATH 140	C-	4	1.7	X	4	=	6.8
SOC 101	A-	3	3.7	X	3	=	11.1
SPAN 101	B+	5	3.3	X	5	=	16.5
					15		46.4
Quality Points	/	Quality Hours	=	GPA			
46.4	/	15	=	3.093			

Faculty Advisors

The Faculty Advisor will assist the student-athletes with the many academic requirements they must complete at Vanderbilt University. The Faculty Advisor will be the individual to whom the student-athlete will ask academic questions, discuss the semester class schedule, discuss choice of major, and identify career goals. If an academic problem arises, the Faculty Advisor is the most effective advocate for the student-athlete. The relationship between the student-athlete and his/her Academic Counselor is not intended to supersede, in any way, the Faculty Advisor and student-athlete relationship.

Course Loads

During a regular semester (fall or spring), the normal course load is 12-18 credit hours. In general, student-athletes take an average of 15 hours each semester. A student-athlete may be advised to take only 12 hours during a semester depending on the sport, the season of competition, and special circumstances of the individual student-athlete. The determination of course load is made on an individual basis with the advice of the student's Faculty Advisor. All student-athletes must maintain a plan for academic progress with their Faculty Advisor and Academic Counselor in Student Athletics. This plan should be updated on a regular basis. **In the fall or spring semester, a student-athlete cannot drop below 12 hours, unless the student-athlete is in his/her final semester before graduating and needs less than 12 hours to graduate. (NCAA Bylaw 14.1.8.2)**

Changes in the Schedule

Any changes in a schedule must be made during the official change period, which is during the first week of classes. A student-athlete can drop a course on **YES** during the change period and the course will not show up on his/her final transcript. A student has about eight weeks into the semester to withdraw from a class. After completing the appropriate withdrawal paperwork obtained in the college's Registrar's Office, the course will appear on the transcript with a withdrawal notification. All courses that are added or dropped must be reported to the Faculty Advisor and Academic Counselor in Student Athletics **before** making any scheduling changes. Changing classes may affect the student-athlete's progress toward graduation, which in turn could affect eligibility (See NCAA Academic Eligibility Requirements).

Declaring Your Major or Transferring Colleges

All students in Arts and Science and Peabody must declare a major or track by the end of their sophomore year. Engineering and Blair students declare their major upon entering Vanderbilt University. If a student-athlete wishes to transfer across schools (e.g., from Peabody to Arts and Science), he/she must apply for an Intra-University Transfer (IUT). This is done in the Office of the University Registrar or online at <http://www.registrar.vanderbilt.edu/iut/iut.html>. Deadlines are also posted on the website. Students may not transfer until the end of their freshman year, at which time the student will need at least 24 transferable hours and a minimum GPA of 1.8. After three semesters, the student will need 39 hours and a 1.85 GPA; after four semesters the student will need 54 hours and a 1.9 GPA; after five semesters the student will need 69 hours and a 1.95 GPA. For more information about transferring within Vanderbilt, please refer to the *Undergraduate Catalog*.

Continuation Requirements: Avoiding Academic Probation and Dismissal

All students should consult the *Undergraduate Catalog* for the specific requirements of majors and core distribution programs in his/her respective college or school. However, general requirements for maintaining academic progress and thus avoiding academic probation or dismissal in the four undergraduate schools are as follows:

- I. CONTINUATION TO SOPHOMORE STATUS
 - a. In Peabody, the College of Arts and Science and Blair, a freshman must earn 24 hours and at least a 1.8 GPA to achieve sophomore standing. In the School of Engineering, freshmen must earn 24 hours and at least a 1.7 GPA to achieve sophomore standing.
- II. CONTINUATION TO JUNIOR STATUS
 - a. To achieve junior standing (after four semesters), all schools require a minimum of 54 earned hours. Additionally, Peabody, Arts and Science and Blair require a 1.9 cumulative GPA, while Engineering requires a 1.8 cumulative GPA.
 - b. All students in the College of Arts and Science, Engineering and Blair must declare a major while those in Peabody must declare a major and track before the beginning of their junior year.
- III. CONTINUATION TO SENIOR STATUS
 - a. For senior standing, 84 cumulative hours are required in Arts and Science and Peabody, while Engineering and Blair require 86 cumulative hours. In addition, Engineering allows a 1.9 GPA and the other schools specify a 2.0 GPA. The minimum number of hours needed to graduate from Vanderbilt varies from 120-128 depending on the college and major. A minimum cumulative GPA of 2.0 is a consistent requirement throughout Vanderbilt to attain an undergraduate degree.

GPA AND HOUR REQUIREMENTS FOR ACADEMIC PROGRESS IN THE UNDERGRADUATE SCHOOLS @ VANDERBILT UNIVERSITY					
		SO	JR	SR	Graduation
A&S	GPA	1.8	1.9	2.0	2.0
	HRS	24	54	84	120
BLAIR	GPA	1.8	1.9	2.0	2.0
	HRS	24	54	86	126
ENGINEERING	GPA	1.7	1.8	1.9	2.0
	HRS	24	54	86	120-128*
PEABODY	GPA	1.8	1.9	2.0	2.0
	HRS	24	54	84	120

* The specific course requirements and total hours required for the bachelor's degree in Engineering vary with the student's major program. Detailed requirements for each program are shown in the specific curricula in the Courses of Study section for Engineering in the *Undergraduate Catalog*.

After two upper-class semesters of academic probation (excluding freshman year), a student is subject to dismissal from the University. There is one exception to the “84 hours after six semesters” rule. If a student-athlete has been red shirted and grades are solid, he/she may petition the Administrative Committee of his/her college/school for a waiver. The best time to do this is by the middle of the sixth semester. Probability for success is higher if a student-athlete has over 80 hours, satisfactory grades, and has completed most required courses.

NCAA Academic Eligibility Requirements

As a general rule of thumb, if a student-athlete is in good academic standing by Vanderbilt University’s standards, he/she is in good academic standing by NCAA standards. The NCAA academic eligibility requirements are as follows:

SUMMARY OF THE NCAA DIVISION I ACADEMIC ELIGIBILITY REQUIREMENTS			
Entering 2nd Year of Collegiate Enrollment	Entering 3rd Year of Collegiate Enrollment	Entering 4th Year of Collegiate Enrollment	Entering 5th Year of Collegiate Enrollment
<ul style="list-style-type: none"> • 24 Semester Credits • 18 credits earned during academic year** • 90% of GPA for graduation • Six credits/term* 	<ul style="list-style-type: none"> • 40% of degree requirements • 18 credits earned during academic year** • 95% of GPA for graduation • Six credits/term* • Declaration of degree/track program 	<ul style="list-style-type: none"> • 60% of degree requirements • 18 credits earned during academic year** • 100% of GPA for graduation • Six credits/term* 	<ul style="list-style-type: none"> • 80% of degree requirements • 18 credits earned during academic year** • 100% of GPA for graduation • Six credits/term*
<p>* All student-athletes must complete at least six semester hours in the previous regular academic term of full-time enrollment to be eligible to participate in the next regular academic term.</p> <p>** The academic year includes fall and spring semesters only. The student-athlete can receive 6 or more credits during the summer.</p>			

Summer School

It is sometimes necessary for students to attend summer school to satisfy their continuation requirements. If considering summer school for any reason, the scholarship student-athlete needs to submit a Summer School Request Form to his/her Athletic Academic Counselor by the deadline started on the current form. Students must indicate on the application what class they intend to take, what session they plan to attend and if they will be living on- or off- campus. Student-athletes are responsible for updating the application should any changes occur. Summer school attendance is viewed as a privilege, not a right. A scholarship student-athlete may receive summer school aid up to the percentage of the scholarship given the previous academic year.

Transferring Summer School Coursework

Any student who is interested in completing course work during the summer at another institution must obtain prior approval from the Dean's Office **before** the end of the spring semester. The necessary form will be available in the Dean's Office in the student's undergraduate college/school.

The form needs to be completed and signed by both the student and the student's Faculty Advisor.

The student is responsible for having an official transcript sent upon completion of coursework to the Dean's Office to complete the transfer credit process. The student must receive a C- or higher for the grade to be transferred into Vanderbilt University. Summer courses taken at another approved college or university do not affect the student-athlete's GPA. Only the hours will transfer.

Textbooks

If your athletic scholarship includes books, NCAA rules (Bylaw 15.2.3) require that student-athletes purchase only those books and supplies that are required for the courses they are enrolled in.

1. HOW TO GET YOUR BOOKS:

If books are covered under your scholarship, your name should be on record with the Bookstore. Simply take your student ID card with you to the bookstore, identify yourself as a student athlete, and charge your books to the athletic account. Keep your receipts! You will need these in the event that you have to return a book.

If your name is not on record with the Bookstore, and you believe it should be, contact the Business Office at 322-4185 or 343-7818.

BE AWARE OF THE FOLLOWING:

Remember, only required (NOT recommended/suggested/optional) books and supplies can be charged to the Athletics account. General school supplies such as planners, notebooks, pens or paper CANNOT be paid for by Athletics.

The purchase of non-required books and course/school supplies is an NCAA violation and will affect your eligibility. Please note that all receipts are reviewed, and you will be required to repay the money for any impermissible purchases. Until your repayment is confirmed, regardless of the amount, you will be declared ineligible for competition.

Additionally, depending on the amount of money spent, you may be withheld from future competitions following repayment, per NCAA rules.

Please note that you may purchase only one of each required item. Anything that is lost or stolen must be replaced at the student-athlete's expense.

2. ONCE YOU HAVE PURCHASED YOUR COURSE MATERIALS, FILL OUT A LIST OF ALL BOOKS/REQUIRED SUPPLIES THAT YOU PURCHASED:

Your academic counselor has a sheet for you to fill out on which you will list all books and required supplies that you purchased. It is most efficient to bring the receipts with you at the time of filling out this list. The list will later be verified against the receipts your counselor receives from the Bookstore, and will be kept by the Academic Counselor so that at the end of the semester (or in the event that you withdraw from a course), it can be verified that you have returned all books and supplies.

3. IF YOU DROP A CLASS (DURING THE DROP/ADD PERIOD):

Return your books immediately. The Bookstore has strict deadlines for the return of books for a full price credit. Keep these deadlines in mind, and return your unnecessary books in a timely manner. Remember to take your receipts with you to ensure Athletics receives a full refund. The purchase and retained custody of books that are not required for your classes is an NCAA violation. At the time of return, you will receive a receipt that proves that you returned the books. Please take this to your Academic Counselor so they can ensure that Athletics has been credited for your return.

4. IF YOU WITHDRAW FROM A CLASS (AFTER THE DROP/ADD PERIOD):

Return your books to your Academic Counselor. DO NOT sell your books back to the Bookstore.

5. IF YOU FAIL A CLASS:

You are required to return your books for that class to your Academic Counselor. DO NOT sell your books back to the Bookstore.

6. FOR STUDENTS TAKING CLASSES IN SEQUENTIAL MANNER (I.E., CHEM 102A/102B):

You must retain your book(s) for the second course. You may buy only one set of books for the two courses.

7. ENGINEERING LAPTOPS:

If student-athletes transfer out of the Engineering School, they must return the laptop that was purchased for them on scholarship to their academic counselor.

8. RETURN ALL BOOKS AND REQUIRED SUPPLIES TO YOUR ACADEMIC COUNSELOR WHEN YOU HAVE COMPLETED THE COURSE:

Verification will be made that you have returned all books and supplies by checking the list that you filled out at the beginning of the semester and the receipts your counselor receives from the Bookstore.

PLEASE NOTE: If you wish to retain any of your books or supplies at the end of the semester, for reasons such as use in a subsequent course or necessary as part of your major, please fill out a Request to Retain Books/Supplies Form in your counselor's office. Determination will then be made as to whether or not you may retain the requested books/supplies.

All student-athletes on book scholarship are subject to the regulations of the Book Policy. Failure to follow the above procedures will result in your account being charged for the cost of the books/supplies. Please contact your Academic Counselor or the Compliance Office if you have any questions regarding purchasing, returning, or retaining your books and supplies.

STUDY SKILLS AND TEST TAKING TIPS

- Review general strategy for studying and attacking courses
 - o Do not miss class!
 - o Read assigned pages in textbook before next class
 - o Take good notes and pay attention in class
 - o Complete assigned homework
 - o Make outline of textbook each week to prepare for test time
 - o Prepare for class according to your style of learning

- Communication with Professors
 - Communicate ahead of time
 - Do not speak with professor directly before or after class
 - Go see professor during office hours

- Taking Notes
 - Have specific notebook areas just for notes
 - A separate one for study guides
 - Date top page for each class session
 - Use separate notebook or folder for each course
 - Use outline form
 - Use roman numerals, letters, numbers
 - Outline notes in own words
 - Underline key topics
 - Start general on left and move to detail in center of page

- Time Management
 - Go over all responsibilities and activities—weekly outline
 - Determine when you do best work, busy times, flexible times
 - Time and place to study—avoid distractions
 - Look at time period and realistically plan
 - Prioritize, one task at a time, self-imposed deadlines
 - Implement plan (daily, weekly and overall)
 - Evaluate and plan each week on Sunday night
 - Review general study plan—does it fit/is it working

- Textbook Management
 - Look over title, section headings, bold/italicized words
 - Outline chapters into a study guide
 - Read to read—concentrate and read for key words/topics
 - Refer to class notes as reading chapters; reread/emphasize key topics
 - Review end of chapter—questions, problems, summary, key words

- Math Courses
 - Read chapters!!!
 - Review highlighted boxes of terms/formulas
 - Review example problems/learn formulas before attacking homework
 - Make study guide of key terms for test—treat like a foreign language
 - Do all problems assigned –take chapter tests-look at old tests if provided by professor
 - Verbalize how to attack problems—all problems have order to attack

- Test Taking Strategies
 - Bring enough pencils, erasers, pens, paper, blue books, etc.
 - Bring a watch
 - Get format of test, review sample tests if provided by professor
 - *First test!*
 - Good start—sets tone for semester grade—don't depend on final
 - Study everything—lecture notes, textbook, study guide, homework
 - Easiest test of all—only going to get harder

- o Read all directions first and very carefully
 - o Assess test questions by point value--budget your time wisely--weighted questions
 - o Do all questions you know/pretty sure on first—then attack rest
 - o Don't spend all your time on low point questions you don't know
 - o Use information from other questions—clues may be in another question
 - o If question/directions are unclear, ask professor
 - o *Go with your gut*—first instinct is usually right—avoid mind games
 - o Label your answers—give the teacher what they ask for
 - o Answer ALL of the parts in a questions—read carefully
 - True/False
 - Do not read more into statement—read it as it is
 - True--all parts must be true, False--even if statement in partially false
 - Questions with an absolute are often false (all, every, none, never)
 - Watch for negatives (not, least, unimportant)
 - Multiple Choice
 - Read question and answer it without looking at options
 - Use blank sheet/hand to hide possible answers
 - Look for your answer first
 - If unsure, make sure you understand what question is looking for
 - Read all your possible answers closely
 - Cross out those you know are wrong or do not make sense
 - Use common sense—focus on what you studied/key topics
 - Read questions carefully with absolutes and negatives
 - Unfamiliar terms or phrases are usually incorrect
 - All of the above, answers are usually correct—make sure each fits
 - None of the above, make sure to eliminate each answer
 - Essays
 - When studying/reading before test, think of possible essay topics
 - Make a list of important people, dates, key words, events
 - Know what the words in the question mean (analyze, summarize, describe, critique, compare)
 - Use the question to formulate your response
 - Outline your answer
 - Organization (paragraphs), spelling, punctuation, and grammar
 - Support general statements with specific detail studied
 - If poor penmanship, write on every other line, or try to print
- Test Anxiety
- o Signs: block or freeze when studying, overly *nervous* during test, going blank during exams, worrying about exams days in advance, exhibiting physical signs of anxiety in testing situations, difficulty maintaining *concentration*, *focus* and *organizing* thoughts during testing, worrying how others are doing, future negative consequences, worrying how much time is left, panic when looking at test as whole, feeling unprepared
 - o Remedies: get good night sleep before test, study well ahead of time--do not cram Review material over and over, train the brain, relax stomach muscles before test is handed out, take five deep breaths before beginning exam, roll head and shoulders 2-3 times each, sit away from window, wear loose fit or comfortable clothing
- Preparing for a cumulative final exam--adjust for each course

- o Use your previous tests and your study guides for each test
 - o Organize time based on finals schedule—start early
- Review all, concentrate on big topics, learn any new material.

MEDICAL CARE

Physical Examinations

Every freshman/transfer student athlete is required to have an incoming physical examination conducted by a Vanderbilt Sports Medicine physician prior to participation. This initial exam includes a resting EKG and Sickle Cell Trait (SCT) screening. If a student athlete already has results of a SCT test they may present that at the time of physicals. Each subsequent year, student athletes will complete a health questionnaire that will update their health file. In addition, all student athletes will receive a follow-up physical exam every other year throughout their career. Exit physicals will be performed when student athletes have completed their eligibility.

Medical/Athletic Training Room Policies

I. Insurance

- A. Since not all illnesses and injuries are financially covered by Vanderbilt University, ALL student athletes must be covered under a private health insurance policy or purchase student health insurance through Vanderbilt University. Proof of coverage from a private insurance policy must be submitted before a student athlete may represent the University in competition.
- B. According to NCAA regulations, Vanderbilt University will help pay for only those Medical Expenses which are most often the direct result of participation in organized conditioning, practice, competition, or sanctioned team travel in the student athlete's designated sport. If a student athlete becomes injured or ill under these circumstances, a claim will be filed with the student athlete's personal insurance policy. Deductible costs or rejected claims for sport-related injuries or illnesses will be covered by the University during the period that the student is enrolled.
- C. Any injury or illness that is not a direct result of participation in the team's organized conditioning, practice, competition or travel will be the financial responsibility of the student athlete and his/her family.

II. Medical Consultations

- A. All medical consultations must be arranged by a Vanderbilt University team physician or by a member of the athletic training staff.
- B. Routine dental and optical services are the student athlete's financial responsibility.

III. Athletic Training Room Rules

- A. The athletic training room is off limits to spit cups and the use of smokeless tobacco.
- B. Food and drinks are not allowed in the athletic training room.
- C. Please ask a staff Athletic Trainer before taking anything from the athletic training room.
- D. The athletic training room is a co-ed facility. Please dress and act appropriately.
- E. No steel or molded cleats are to be worn in the athletic training room.
- F. All student athletes must wear a T-shirt and shorts when receiving treatment. The wearing of workout tights while receiving treatment is discouraged.
- G. Please shower before receiving treatment and using whirlpools.
- H. The athletic training room offices, phones and computers are off limits to student athletes unless accompanied by a staff Athletic Trainer.
- I. Usage of cell phones, laptop computers, MP3 players and any other electronic device is prohibited in the athletic training room!

IV. Injuries and Illnesses

- A. All injuries and illnesses are to be reported to a staff Certified Athletic Trainer as soon as they occur.

The athletic training staff will refer you to the team physician as necessary.

- B. Injuries and illnesses can appear during the night. If this happens, you should contact your staff athletic trainer who will make arrangements for you to be seen. If an emergency occurs, call 911 or campus security. Once help arrives, then contact your staff athletic trainer and let them know what has happened and what has been done.
- C. If you are injured and unable to practice, you are required to report to the training room immediately after practice and then as directed by the staff athletic trainers.

V. Medications

- A. Never take a prescription medication that was prescribed for a teammate, another student athlete, or any other individual.
- B. If you feel you have a need for a medication, whether over-the-counter or prescription, contact a member of the athletic training staff. Only the team physicians can decide when medications are necessary and will administer medications when appropriate.
- C. Notify the athletic training staff of all medications that you are currently taking, who prescribed it, and for what condition.

Training Room Hours

In Season:	
Monday – Thursday	7:30 a.m. – Finished
Friday	8:30 a.m. – Finished
Saturday	By Appointment
Sunday	By Appointment
Off Season:	
Monday – Friday	9:00 a.m. – 5:00 p.m.
Saturday – Sunday	By appointment
Summer:	
Monday through Friday	12:00 p.m. – 8:00 p.m.

Training Room Phone Numbers**area code (615)**

Policy on University Responsibility to Injured Athletes

Students who participate in intercollegiate athletics assume certain inherent risks of injury arising out of their participation. In the event of the occurrence of such injuries, the University will endeavor to provide the appropriate medical diagnosis, treatment, and care for its student athletes. However, the providing of such medical services by the University is not without limitations, nor does the University wish to either expressly state or imply that it has responsibility to provide continuing medical services indefinitely.

University Obligations

When a student athlete is injured during practice, competition, or under University-sponsored travel to or from competition under Vanderbilt University's Student Athletics Department auspices, the University will provide the following assistance to the injured student. For the purposes of this policy, the "University-sanctioned activity" includes all practices on University facilities of which the coach knows or should have known, and any events to which the student athlete travels with University support or financial assistance.

- Student athletic financial assistance in an amount of no less than that which the athlete was receiving at the time of the injury will be continued until the student reaches his or her baccalaureate degree or through the fifth year of enrollment, whichever comes first.
- Approved medical costs associated with the injury will be submitted to the student athlete's personal insurance policy. Deductible costs or rejected claims will be covered by the University during the period the student is enrolled, as well as summers and breaks between semesters. The University reserves the right to determine the necessity and reasonableness of any particular treatment of an injury.
- In the event which a student suffers a disabling injury that prevents the student athlete from continuing his/her academic pursuits, the University will provide disability payments for a time and amount specified in the current contract of insurance provided for this purpose by the University. The term "disabling injury" shall include coma, spinal injury resulting in paralysis, total or partial loss of use of an extremity, and brain injury or that definition for such injury as may be set forth in the contract of insurance provided for these purposes.

Limitations

The University's obligations to the student athlete are subject to the following limitations:

- Student athletes who sustain an injury or have a diagnosed illness prior to enrollment at the University must so notify their University coach and athletic trainer. Without such notification, subsequent re-injury or exacerbation of the illness will not entitle the student athlete to the benefits described in Part I of the Medical/Athletic Training Room Policies (page 34).
- If appropriate University medical staff certifies that an injured student athlete has recovered sufficiently to reasonably permit him/her to compete, and that student athlete nonetheless voluntarily chooses not to participate in athletics, the obligation of the University to provide medical care and financial aid is simultaneously terminated.
- All treatment of injuries must be authorized or administered by the University. Any outside treatment obtained by an injured student athlete without University authorization will not create entitlement to reimbursement from the University.
- A student athlete injured in events or competition not conducted or sanctioned by the Student Athletics programs of the University is not eligible for continued assistance.
- Subject to the provisions of the prevailing play or practice accident insurance policy, an injured student athlete who withdraws or graduates from the University is not eligible for continued assistance.
- Financial aid to an injured student athlete will be terminated upon completion of a baccalaureate degree or fifth year enrollment. Continuation of medical care and disability payment will be subject to the terms and conditions of the policy or policies of play/practice insurance existing at the time of the student's injury. Any extension of medical or disability benefits beyond those provisions contained in play/practice insurance policy shall not be on merit and needs to be solely at the discretion of the University without any obligation to provide the same.

This policy shall be used to determine the limit of entitlement benefits available to student athletes injured as a result of their participation in the University's Intercollegiate Athletics Program.

Substance Abuse Program

The Student Athletics Department of Vanderbilt University recognizes that drug and alcohol abuse is a significant problem in modern society. Specifically, the misuse or abuse of prescription drugs, non-medically indicated drugs, street drugs, and alcohol have a negative effect on the performance of student athletes, both in the classroom and in sports, and will not be permitted at Vanderbilt University. Therefore, the Student Athletics Department, in conjunction with the Medical Center, has established a drug and alcohol abuse prevention and screening program in order to allow its student athletes to progress toward their athletic and academic goals in a drug-free environment.

The objectives of the Substance Abuse Program in the Student Athletics Department are:

- to educate the student athlete concerning the physical, psychological, and social effects of drug and alcohol abuse;
- to identify through periodic testing those student athletes who may be involved in drug or alcohol abuse;
- to provide a comprehensive counseling and rehabilitation program.

Policy Statement Regarding Performance Supplements

Only those nutritional performance supplements that are reviewed, evaluated, and approved by the Vanderbilt Sports Medicine staff will be considered for monitored distribution to selected student athletes. Furthermore, student athletes identified as recipients of a specific nutritional performance supplement must attend an educational seminar prior to receiving that supplement. Specific educational seminars will be arranged by the Vanderbilt Sports Medicine staff and the Vanderbilt Strength and Conditioning staff.

Student athletes are discouraged from purchasing, accepting, or obtaining for self-use any nutritional performance supplement that has not been reviewed, evaluated, and approved by the Vanderbilt Sports Medicine staff. Student athletes are also discouraged from self-administering quantities of nutritional performance supplements that are in excess of the quantity distributed by the Strength and Conditioning staff.

Since many types of supplementation are readily available (e.g., exercise, fitness, and body building magazines), student athletes are encouraged to present all questions and concerns to one of the Athletic Trainers or Strength and Conditioning Coaches for review.

Policy Regarding Student Athletes with Eating Disorders

An eating disorder can jeopardize the physical and psychological well being of a student athlete, as well as affect his/her athletic performance. Therefore, it is important that athletes, coaches, athletic trainers, and team physicians be knowledgeable about disordered eating and the resources available at Vanderbilt University to evaluate and treat them. Coaches, athletic trainers, and team physicians, as well as athletes themselves, have an important role in the identification and management of disordered eating.

An eating disorder is treated like any other injury that may jeopardize the individual student athlete's, along with their teammates, health and safety. As is the case with any medical condition that restricts sports activity, approval for training and competition is determined by the Team Physician (Coordinator) and/or the Head Physician.

I. Purpose of Policy

A. To provide medical assistance to those student athletes who are acknowledged as engaged in eating behaviors and training patterns, which are not conducive to competing safely as well as creating long-term mental and physical health problems.

B. Members of the Eating Disorder Treatment Team (EDTT):

Members of the Eating Disorder Treatment Team are responsible for treating the student athlete through a comprehensive medical approach that includes the following members:

- Coordinator (Designated Team Physician)
- Treating Physician (eating disorder specialist)
- Registered Dietitian
- Counselor
- Liaison Athletic Trainer
- Athletic Trainer of the Student Athlete

II. Identification of Student Athletes with Clinical Disordered Eating

A. Parties Involved with Referral Process

1. Role of the staff, such as athletic trainers, coaches, strength and conditioning coaches, director of sports operation, and so on: the staff members are not responsible for diagnosing student athletes with clinical eating disorders, nor are they expected to differentiate an eating disorder from the clinical entities of anorexia or bulimia. However, the staff members have an important role in the identification and management of student athletes with eating disorders, and should be familiar with the procedures outlined in this policy and with the resources available through Vanderbilt University.
2. 3rd Party Observations: When a student athlete is suspected of having eating disorder habits, the individual observing the behavior, such as a teammate, friend, or family member, should consult

with the respective team athletic trainer or team physician to discuss what he/she has learned or observed about a student athlete's eating patterns or behaviors. It is noted that the EDTT understands that making contact with the respective athletic trainer or team physician or a close friend or a teammate can be an emotional and difficult experience. Therefore, persons making the consult will remain anonymous to preserve confidentiality.

3. Self: If a student athlete acknowledges he/she has an eating disorder and wants to seek medical attention, the student athlete should contact his/her athletic trainer or team physician.

III. Referral

- A. Purpose: The purpose of this referral is to protect the student athlete's health and safety, and to make sure that the student athlete is safe to train and compete. The referral enables the "at risk" student athlete to receive specific medical care for a potentially life threatening situation.

IV. Initial Consultation and Medical Referral

A. Consultation

1. Purpose: When a student athlete is referred to the EDTT, the initial consultation will be with the Coordinator of EDTT. The purpose of the consultation is to inform the student athlete why he/she was referred, the team's objectives, and the process of medical referral.

B. Medical Referral

Based on the initial consultation, the following options exist for testing and evaluation purposes and will be based on the treating physician's (eating disorder specialist) assessment of the student athlete: a complete blood work-up, body composition testing, dietary composition and analysis, psychological evaluation, and any other necessary medical tests.

V. Intervention and Treatment Protocol

- A. Confirmation of Disordered Eating: Once the initial testing has been completed, the EDTT will review the information in determining what amount of training or competition the student athlete is safe to continue participating in, as well as any further consultation with medical specialists or testing which may be required. Upon confirmation of the student athlete's eating disorder, a "Better Health Agreement" contract will be made with the student athlete dealing with issues of medical, nutritional, and psychological health as well as athletic participation.

B. Better Health Agreement

1. Purpose: The individualized Better Health Agreement will detail the minimum acceptable medical criteria for the student athlete to resume limited or full participation in intercollegiate athletics.
2. Content: The Better Health Agreement will cover areas such as appointment scheduling, training habits, weight control, eating disorder behaviors, etc. The agreement will contain a statement detailing the expectations (short-term and long-term) of the student athlete and the EDTT. The student athlete, team physician, counselor, and team athletic trainer must sign the Better Health Agreement. Failure to comply with the signed contract will result in dismissal from the team conditioning and/or competition for a specified period of time to be determined by the Coordinator of EDTT.

VI. Continued Treatment and Re-evaluation

- A. Further Treatment: As specified in the student athlete's Better Health Agreement, treatment and re-evaluation will continue until the contract requirements have been met.

1. Progress: Once a student athlete returns to training or competition, his/her progress will be periodically revisited by the EDTT. The student athlete will continue to meet on a periodic basis with the Coordinator of EDTT and whichever other members of the EDTT are deemed appropriate. There should be regular communication between the EDTT and the student athlete's coach and team athletic trainer in order to help the athlete to establish and maintain reasonable goals for training and performance.

2. Referral to Other Clinicians:

If the Coordinator of the EDTT concludes that the student athlete is not progressing in his/her treatment, the Coordinator may refer him/her to other clinicians for continuing treatment.

3. Summer Leave Treatment (parental involvement, etc):

Before a student athlete leaves for the summer, the EDTT will meet and discuss the appropriate treatment plan. This treatment plan will create guidelines for the student athlete's return in the fall. Guidelines for treatment may include the following: contacting specialist in hometown, notifying family physician and the inclusion of parental involvement as indicated. A new Better Health Agreement will be drawn up and agreed upon before the student athlete leaves for the summer.

A completed outline of the policy and the contract will be available when necessary. The athletic training staff has access to this policy and contract when a case occurs. At that time it is mandatory that the student-athlete and all involved will read through this policy and sign the contract agreement.

Pregnancy Policy Guidelines

The following information is being provided to you for your protection during your pregnancy while you are a student-athlete at Vanderbilt University. We, the Vanderbilt University Athletic Department cannot require you to inform us if you become pregnant. However, we trust you will do what is in your own best interest during your pregnancy. We encourage you to inform your Athletic Trainer because they will be able to assist in the policies and procedures of what steps are necessary while continuing your sport at VU.

Your athletic scholarship for the current year will not be revoked due to pregnancy. Consideration of the future athletic scholarships will be at the discretion of the head coach. NCAA rules permit a one-year extension of the five-year period of eligibility for female student-athlete for reasons of pregnancy. A pregnancy is considered a temporary disability which will fall under the same guidelines and restrictions as any other condition termed temporary disability (NCAA Sports Medicine Handbook 2007-08). Yet all medical expenses that are a result of pregnancy are the responsibility of the student-athlete. The Vanderbilt Student Health services can provide you with immediate testing and referral for medical and obstetrical care. They can be reached at 615-322-2427. Another resource is the West End Women's Health Center on campus which can provide necessary counseling. Their phone number is 615-936-5858.

As soon as you learn that you are pregnant, you should inform your coach and athletic trainer, as well as, your personal physician/OBGYN, family or others who are important to you. The obligation for a female athlete to inform her coach should be no different than the obligations of the athletes to inform their coach of other medical conditions. The athletic trainer and the rest of the sports medicine staff will be able to access the resources available. They should also respect the request for confidentiality until there is medical reason to withhold the student-athlete from competition.

The American College of Obstetrics and Gynecology (ACOG) has recommended that following a thorough clinical evaluation, healthy pregnant women should be encouraged to engage in regular, moderate intensity, physical activity. The safety to participate in each sport must be dictated by the movements and physical demands required to compete in that sport. Sports with increased incidences of bodily contact (basketball, ice hockey, field hockey, lacrosse, soccer, rugby) or falling (gymnastics, equestrian, downhill skiing) are generally considered higher risk after the first trimester because of the potential risk of abdominal trauma. The American college of Sports Medicine discourages heavy weight lifting or similar activities that require heavy straining. High intensity exercise required for competitions in nearly all sports has not been well studied and may increase fetal risk. Theoretical risks to the fetus associated with increased core body temperatures may occur with exercise, especially in the heat. Many medical experts recommend that women avoid participating in competitive sports after the 14th week of pregnancy. (NCAA Sports Medicine Handbook 2007-08)

If you choose to continue to compete while pregnant you should know your potential risks of the particular sport and exercise. Discontinue exercise when feeling over-exerted or when any warning signs of the following are present: vaginal bleeding, shortness of breath before exercise, dizziness, headache, chest pain, calf pain or swelling, pre-term labor, decreased fetal movement, amniotic fluid leakage, muscle weakness. (NCAA Sports Medicine Handbook 2007-08) Follow the recommendations of your obstetrical provider in coordination with the team physician and any other indications they may have. Take care to remain well-hydrated and avoid over-heating.

Considerations upon returning to your training/sport after your pregnancy will be the responsibility of your OBGYN and the Vanderbilt University team physician. Your OBGYN will follow necessary guidelines and the Sports Medicine team will follow those restrictions. You will have to continue routine follow-ups with your OBGYN and provide paperwork to your athletic trainer and team physician. The athletic trainer will work with the strength coach and under the guidelines of the OBGYN for the necessary steps to get back into

physical condition. The care will be taken to individualized return to practice and competition due to the different demands of each sport. To return to full competition, the ultimate decision will be determined by the team physician due to the responsibility of Vanderbilt University.

It is recognized that a student-athlete has additional expectations and responsibilities that a traditional student does not. It is therefore recommended and strongly advised that the medical support group of the Athletic Trainer, Team Physician, Coach, and Mental Health Counselor if applicable are made aware of any Psychiatric Emergency suffered by a student-athlete.

STUDENT ATHLETE IN CRISES GUIDELINES

A Psychiatric Emergency is treated like any other injury or illness that may jeopardize the individual student-athletes' safety or their teammates' safety. As is the case with a medical condition that restricts sports activity, approval for training and competition is determined by the Team Physician. If given permission from the student-athlete, contact the Athletic Trainer responsible for that student-athlete, who will in turn inform the Team Physician. Upon release of the student-athlete from medical care, the medical support group will determine when the athlete is healthy enough to return to their sport and what additional health care follow up is required throughout their recovery and eligible years.

STUDENT-ATHLETE IN NEED OF URGENT CARE & SUPERVISION

If you are on campus and concerned for a student-athlete's immediate safety, remain with that individual, and call from your **cell phone VUPD at 421-1911 or campus phone at 911**. If you are off campus or on the road call 911.

If a student-athlete is suicidal and is unable or unwilling to guarantee his/her safety if left alone but is willing to seek an inpatient hospital stay, ensure that someone remains with the student and either transports to the Emergency Department or calls 911. If the crisis occurs on the road, call 911 for assistance.

Student Athlete in need of Guidance and Direction

If a student-athlete is in crisis but does not appear to be in immediate danger contact their Athletic Trainer. At that time it will be determined whether to refer the student-athlete to Psychological and Counseling Center (PCC) for counseling or the Mental Health Division of the Student Health Center (SHC) for a psychiatric consultation. If an Athletic Trainer is not available pursue the following options and contact the Athletic Trainer at a later time.

Business hours of the PCC: (615) 322-2571

9AM to 5PM Monday – Thursday (Closed 4pm Fridays, summer 9AM-1PM)

Business hours of the SHC: (615) 322-2414

8AM-4:30PM Monday – Friday (Sat 8:30a – 12noon)

After Hours: 24 Hour Consultations

PCC: (615) 322-2571 leave a message & they will return the call

Nashville area crises: (615) 244-7444

OR

National Hotline for Suicide Prevention: 1-800-273-TALK

In the event you are communicating with a student-athlete who expresses concerns related to his or her mental health but does not appear to be in crisis, you may refer to the Athletic Training staff or encourage the student-athlete to contact their Athletic Trainer. They will be encouraged to seek professional help and provided with information for services such as the PCC and SHC. Also, feel free to call the PCC for situational advice and feedback.

The Athletics Department also has a full-time sports psychologist on staff. Contact your Athletic Trainer, Head Coach, Life Skills Coordinator or Sport Administrator for additional information.

ATHLETIC FACILITIES

McGugin Center

The headquarters for Vanderbilt University Athletics is McGugin Center, located on Jess Neely Drive across from Vanderbilt Stadium and Hawkins Baseball Field. The 110,000-square-foot complex includes state-of-the-art training facilities, the Stratton Foster Academic Center, two strength and conditioning weight rooms, locker rooms, the Hendrix Dining Room, and various meeting rooms in addition to most coaching and athletic administrative offices. This past summer, the football coach's offices and Academic Support areas were renovated. The football, soccer, and track practice fields are located behind McGugin Center.

Vanderbilt Stadium/Dudley Field

The 41,000-seat Vanderbilt Stadium is built on the site where Vanderbilt has played football for over sixty years. A new playing surface that utilizes the latest technology in natural turf was placed on Dudley Field prior to the 1999 season.

Memorial Gymnasium

Memorial Gymnasium is the home of all men's and women's basketball games. Dedicated in 1952 as a "memorial" to all Vanderbilt men and women who served in World War II, this unique structure with an elevated court holds 14,168 spectators. Memorial Gym has undergone an extensive \$24.1 million renovation, which includes additional practice facilities, making it one of the premier basketball venues in the country. In 2009, the 25 year old gym floor was replaced. The new floor has proved to be invaluable as injuries to our players decreased dramatically. Other renovations included new locker rooms for both the men and women, and new training and media rooms. Our renovations are second to none in the country. The building also contains a resuscitation program, an auxiliary gym, dance studio, team locker rooms and coaches' offices. In spring 2006, Memorial opened a multi-purpose artificial practice surface (i.e. batting cage), in what used to be the natatorium. Memorial Gymnasium is located along 25th Avenue South next to Hawkins Field and Vanderbilt Stadium and will serve as an NCAA regional host for Women's basketball in the spring of 2012.

Hawkins Baseball Field

Located at the corner of Jess Neely Drive and 25th Avenue South, Hawkins Field seats 3,630 spectators after the 2008 additions of 1400 bleacher seats in the outfield and over 200 new chair backs down the right field line. The ballpark is sandwiched between Vanderbilt Stadium and Memorial Gymnasium. The field measures from home plate 310 feet down the left field line, 375 feet to left center, 400 feet to center, 375 to right center, and 330 feet down the left field line's "green monster". All home baseball games are played at Hawkins Field. In the spring of 2006, the baseball facility opened its doors to a brand new field house, which house a team locker room, classroom and coaches' offices.

Vanderbilt Soccer/Lacrosse Stadium

The soccer/lacrosse stadium, completed in 2002, seats 2,400 fans who regularly attend the numerous women's soccer and lacrosse matches. The facility has already been home to one Final Four team, during the spring 2004 Lacrosse season. The facility has also housed numerous campus events, including Gold Rush, a pre-season athletics pep rally.

Smyrna Bowling Center

Our 2007 National Championship Bowling team utilizes the state of the art Smyrna Lanes in Smyrna, TN at its home practice facility. It is the largest bowling center in the state of Tennessee.

Brownlee O. Currey Tennis Center

In fall of 2004, the previous outside varsity tennis courts were expanded from nine oddly laid-out courts to a total of 10 courts, much more conducive to collegiate play, as well as hosting outside events and tennis center members. The indoor center holds five courts, all utilized by student athletes and members. In spring of 2004, Vanderbilt played host to both the men's and women's SEC tennis championships, and hosted the NCAA Women's Championship (1st and 2nd rounds) every year from 2005 through 2008.

Track Facilities

Vanderbilt offers a wealth of training facilities for its track and cross-country teams. The newly installed (2010) Mondo surface covering the 400-meter, eight-lane track allows for fast times in training and competition. For

the first time in over 60 years, the Vanderbilt track hosted the 2005 SEC Track and Field Championship in spring of 2005.

Percy Warner Park, on the outskirts of Nashville, serves as the regular training ground for Vanderbilt's cross-country teams. Percy Warner Park and the adjacent Edwin Warner Park offer eleven miles of trails, with easy access for runners wanting to train off road. Vanderbilt annually hosts a Cross-Country Invitational on the Vaughn's Creek course, which offers an 8km race for men and a 5km race for women. Vanderbilt will also host the 2012 SEC Cross Country Championships at Percy Warner Park.

Golf Courses

The Vanderbilt Legends Golf Course, which hosted the 2006 SEC Women's Golf Championship and the 2012 NCAA Women's Golf Championship, is owned by Vanderbilt University and is the primary home of the Commodore men's and women's golf teams. The Legends Club of Tennessee comprises two 18-hole courses. The Ironhorse Course plays at par 72 and is 7,190 yards in length; the Ropers Knob Course is a par 71 and is 7,100 yards in length. Both teams also practice and compete on the following area courses:

*Belle Meade Country Club	6,209 yds. par 72
*Hermitage Golf Course	6,215 yds. par 72
*Hillwood Country Club	6,794 yds. par 72
*Golf Club of Tennessee	7,000 yds. par 71
*Greystone Golf Club	7,200 yds. par 72
*Nashboro Village	6,887 yds. par 72
*Nashville Golf and Athletic Club	7,477 yds. par 72
*Old Natchez Country Club	6,900 yds. par 72
*Richland Country Club	6,900 yds. par 72
*Springhouse Golf Club at the Opryland Hotel	7,100 yds. par 72

Operations and Facilities

The office of Operations and Facilities oversees the game management and facility upkeep of every varsity sport. Countless hours and efforts are poured into Vanderbilt Student Athletic events to ensure our student athletes are able to compete at the highest level, while encouraging good sportsmanship and an enjoyable atmosphere. The staff of operations and facilities consists of: Brock Williams- Assistant Vice Chancellor, Eric Chaffin - Associate Director, Brad Roby, Tennis Center Director- Assistant Director, John Thorpe - Assistant Director, Trae Holthouse, Assistant Director and Renee Mackin-Assistant Director.

DIVERSITY

Department of Student Athletics Diversity Statement

The Department of Student Athletics promotes, embraces and values multiculturalism and diversity amongst its staff, student-athletes community. We strive to provide a comfortable environment for the understanding of, respect for, and sensitivity to multiculturalism and diversity.

Vanderbilt University is committed to principles of equal opportunity and affirmative action.

For further information on Vanderbilt University diversity policy and procedure, please visit:

<http://www.vanderbilt.edu/ead/>

COMPLIANCE

Mission

Vanderbilt University's Athletics Compliance Office is committed to promoting an environment of integrity, which includes adherence to NCAA, SEC and University rules and regulations governing intercollegiate athletics. Using a shared responsibility approach, we will assist our coaches, staff, student-athletes and friends of the athletics program by providing education and enforcement efforts to protect the institution and promote high standards of compliance.

We intend to carry out our mission by providing a positive atmosphere of compliance in which each individual involved in Vanderbilt University Athletics will carry the responsibility of maintaining basic knowledge of rules and regulations and acting in full compliance with the NCAA as a governing body.

Vanderbilt Compliance Staff

Candice Lee

Associate Director of Student Athletics/SWA
candice.lee@vanderbilt.edu

George Midgett

Compliance Coordinator
george.midgett@vanderbilt.edu

John Peach

Compliance Coordinator
john.w.peach@vanderbilt.edu

Andrew Turner

Recruiting/Compliance Coordinator
andrew.turner@vanderbilt.edu

NOTE: Athletics Department policies, Conference and NCAA regulations are subject to change after the printing of this handbook. Student-athletes are responsible for being in compliance with all rules and regulations and will be informed as such changes occur. Updates will also be made electronically to the Student-Athlete Handbook as necessary and made available.

Amateurism

Only amateur student-athletes are permitted to engage in intercollegiate athletics. Therefore, it is essential that you retain your amateur status and not jeopardize your athletic eligibility.

Student-athletes must not do the following (NOTE THIS IS NOT AN EXHAUSTIVE LIST):

- permit the use of their name or picture to advertise, recommend, or promote (directly or indirectly) the sale or use of a commercial product or service of any kind;

- accept benefits such as gifts, meals, loans of cars or money, discounts on airplane tickets, clothing, dry cleaning, credit cards, use of a phone, movies, theatre, or tickets to professional sporting events from impermissible individuals or groups (i.e. Alumni, Boosters, Agents, Advisors, Athletics Department Staff);
- be represented by an agent or organization for the purpose of marketing their athletic ability or reputation in the sport;
- receive any benefit that is not available to other students, their relatives, or friends (prohibition also applies to student-athlete's family and friends);
- participate in a non-NCAA-sanctioned summer sports league;
- accept any type of payment or promise of payment (i.e. in cash prizes, gifts, or travel) for intercollegiate athletics participation unless permitted by NCAA legislation;
- request to be placed on the draft list of a professional league or try out with a professional team or permit the professional team to conduct medical exams during any part of the academic year (including vacation) unless eligibility has been exhausted;
- play on any professional athletics team;
- have athletically related financial aid determined by anyone other than the University; or
- participate on teams other than those of Vanderbilt during the season (this includes exhibition or tournament games).

In general, do not use your athletic reputation, ability or affiliation to gain an impermissible benefit. Your name and your eligibility are yours to protect!!!!

Student-athletes should refer all questions to their Head Coach, Associate Director of Student Athletics, and/or the Compliance Office.

Financial Aid

Student-athletes receiving athletic aid may receive a full or partial athletic scholarship, and this aid is generally provided for one academic year (Fall and Spring semesters). Summer school is not included. By July 1 before each academic year, all Vanderbilt student-athletes with remaining eligibility who received an athletic scholarship during the previous academic year will receive a letter from the Office of Student Financial Aid informing them whether their aid will be renewed, reduced, or eliminated for the upcoming academic year. If athletic aid is reduced or not renewed, the student-athlete may request a hearing through the Office of Student Financial Aid (instructions are included in the letter and are also available in the Compliance Office). In such a case, the final decision to renew, reduce, or cancel a scholarship will be made during the hearing process.

If you are on an athletic scholarship, it is important to check with your Head Coach or the Compliance Office before accepting additional aid. Each year, all student-athletes are required to report all forms of financial aid and outside scholarships received. Your combined aid amount may not exceed the cost of attendance, as determined by the Office of Student Financial Aid. Further, additional financial assistance may count toward team scholarship limitations. If additional funds are needed, please see the Office of Student Financial Aid for possible options. You may qualify as a recipient of both an athletic scholarship and federal funds in the form of a Pell Grant. Such grants are based on financial need.

Student-athletes should also be aware that the Student Athlete Opportunity Fund may be available to assist student-athletes under certain circumstances. Please see your Associate Director of Student Athletics, Head Coach and/or Compliance Office to learn more about this fund.

Equipment/Locker Rooms

Per NCAA rules, student-athletes are permitted to retain their athletics apparel (not equipment) at the end of their collegiate participation. Used equipment may be purchased by the student-athlete on the same cost basis as by any other individual interested in purchasing such equipment.

It is permissible for student-athletes to retain and use equipment (per normal equipment policies for each team) during a summer vacation period.

Student-athletes are not to accept athletics equipment, supplies, or clothing from a manufacturer or commercial enterprise. Such items may be provided to Vanderbilt, to be utilized by a team in accordance with normal equipment policies for each team. Equipment and apparel that is issued is intended for competition and practice only. It is not to be used for personal use at any time. Use of athletic equipment or clothing for personal reasons is in violation of NCAA rules and could affect your eligibility.

Please note that athletic laundry facilities are not to be used for personal laundry. Doing so could result in an extra benefit violation.

Complimentary Admissions to Vanderbilt Sporting Events

Complimentary admissions are distributed to student-athletes in accordance with NCAA and SEC rules and regulations. Under NCAA guidelines, student-athletes are not permitted to receive hard tickets. However, student-athletes may receive four complimentary admissions for each game in their respective sport. All admissions will be issued via a pass list, and all guests will be required to show identification to be admitted to the athletic competition.

Please note that sports agents and advisors may not receive complimentary admissions at any time.

All student-athletes that wish to attend football and men's and women's basketball games receive their tickets the same way the general student population acquires their game tickets. The student ticket policy is distributed to the general student population prior to the start of the football and basketball seasons.

Non-Scholarship Student-athletes

The University extends to all non-scholarship student-athletes (recruited or non-recruited) the same basic benefits and privileges as those for scholarship student-athletes (excluding grant-in-aid awards). Once certified as eligible to participate, a student-athlete may receive the following benefits:

- Academic counseling and support
- Access to Sports Medicine resources and athletic trainers

- Use of strength and conditioning facilities
- Access to Life Skills resources
- Team travel and equipment use
- Practice and competition apparel
- Letterwinner Awards (if criteria are met)

Recruiting Policy: Student Hosts

The role of a student host is very important in the recruiting process for the Vanderbilt Department of Student Athletics. Each coaching staff will carefully select a student-athlete host who will conduct themselves in a manner that will reflect positively upon Vanderbilt University. Current student-athletes who have violated any law or University policy may not be eligible to entertain a prospective student-athlete for at least one calendar year from the time of the violation. Student hosts may be chosen to entertain prospects on official or unofficial visits.

A member of the coaching staff will discuss his/her expectations of the student host prior to each official visit and require the student host to review and sign the "Pre-Visit Host Form." Upon signing this form, the student host will be issued the permissible entertainment allowance of a maximum of \$40.00 per day (no more than \$80.00 for the entire visit). This money may not be used for behaviors or activities deemed objectionable or impermissible by the NCAA or Vanderbilt University.

The coaching staff must review the 1:00 am curfew with the host. The host must bring the prospect into the establishment in which the prospect will spend the night and check-in with a member of the coaching staff. This will give the coaching staff an opportunity to see each prospective student-athlete and host at the end of the evening and insure both parties are safe and healthy. The curfew will be extended if the prospect is attending any event given prior approval by the Head Coach, such as a University sponsored activity. In this case, the coaching staff should establish a reasonable curfew time to accommodate the activity. The curfew is applicable to official visits and to unofficial visits that involve an overnight stay on-campus.

At the conclusion of each visit, each host will be required to have a post-visit meeting with the coaching staff to discuss the visit. The host must also review and sign a "Post-Visit Host Form" form.

It is of the utmost importance that every host understands and abides by the following NCAA rules and regulations:

OFFICIAL VISITS

- Only one student-athlete per day from Vanderbilt University can serve as an official host. Other students may assist with hosting the prospect, but shall pay for their own entertainment and meals.
- A maximum of \$40 for each day of the visit may be provided to cover all actual costs of entertaining the host, the prospect (and the prospect's parents, legal guardians or spouse), excluding the cost of meals and admission to campus events. These funds may not be used for the purchase of souvenirs, such as t-shirts or other institutional mementos. It is permissible to

provide a student-host with an additional \$20 per day for each additional prospect the host is responsible for.

- A host may not use vehicles provided or arranged for by any coach, institutional staff member or booster of the University. A host is permitted to use his/her own vehicle to transport the prospect and the prospect's parents/legal guardians. A prospect is NEVER allowed to use a host's car.
- A host may not transport the prospect or anyone accompanying the prospect more than 30 miles from campus.
- A host may not allow recruiting conversations to occur on or off campus between the prospect and a booster of the athletic program. If an unplanned meeting occurs, only an exchange of greetings is permissible.
- A visiting prospect may engage in recreational or workout activities provided such activities are not organized or observed by members of the coaching staff and are not designed to test the athletic abilities of the prospect. Use of the institution's facilities for such activities is permitted, provided Student Athletics staff members or boosters are not involved in the conduct, promotion or administration of the activity (other than incidental to supervise the use of the facilities).
- A host may receive a complimentary admission (no hard tickets) when accompanying a prospect to a campus athletic event.
- A host should not allow a prospect to be subjected to any hazing/initiation activities.

UNOFFICIAL VISITS

- During an unofficial visit, the institution may not pay any expenses or provide any entertainment, except a maximum of three complimentary admissions via a pass list (no hard tickets) to a home athletics event at any facility within a 30-mile radius of Vanderbilt University's main campus in which the program's team practices or competes.
- A prospect may stay in an enrolled student-athlete's dormitory room, if the prospect pays the regular rate for such lodging. Per institutional policy, all guests of Vanderbilt students may stay in the student's room free of charge.
- A host may not use vehicles provided or arranged for by any coach, institutional staff member or booster of the University. A host is permitted to use his/her own vehicle to transport the recruit and the prospect's parents/legal guardian. A prospect is NEVER allowed to use a host's car.
- A host may only provide transportation to view practice and competition sites, and institutional facilities within a 30 mile radius of campus. An institutional staff member must also be in attendance for such a trip. During unofficial visits, student-athletes may not interact with the prospect off-campus.
- A host may not allow recruiting conversations to occur between the prospect and a booster of the athletic program. If an unplanned meeting occurs, only an exchange of greetings is permissible.
- A visiting prospect may engage in recreational or workout activities, provided such activities are not organized or observed by members of the Student Athletics Department coaching staff and are not designed to test the athletic abilities of the prospect. Use of the institution's facilities for such activities is permitted, provided Student Athletics staff members or representatives of its athletics interests (boosters) are not involved in the conduct, promotion or administration of the activity (other than incidental to supervise the use of the facilities).
- A host should not allow a prospect to be subjected to any hazing/initiation activities.

ALL VISITS

In addition, a host must also understand that the following specific objectionable behaviors and activities are strictly prohibited:

- **Use of illegal drugs;**
- **Consumption, purchase, or possession of alcoholic beverages;**
- **Use of escorts or exotic dancers;**
- **Visitation to any adult entertainment facilities;**
- **Gambling/gaming activities; and**
- **Violation of criminal law.**

It is imperative that a host also understands that he/she must adhere to all rules set forth by Vanderbilt University in the student handbook at http://www.vanderbilt.edu/student_handbook/.

Any violations of these rules will result in the appropriate sanctions.

Sport Wagering

The University and the Department of Student Athletics are opposed to all forms of gambling and bribery. Student-athletes must understand that it is against NCAA rules to place a wager or bet on a collegiate or professional sporting event. Regardless of the type of bet, it is impermissible to engage in this kind of activity. You should keep in mind that your participation in gambling interests, even in the most minor fashion, may jeopardize your collegiate career.

Be aware that the gambling industry is constantly seeking sources of information. You may be approached and questioned about the condition and attitude of other team players. You could also be asked to alter a game and be offered favors or gifts for doing so. If anything of this nature occurs, you **MUST** immediately report the incident to your Head Coach and/or the Compliance Office. Gambling is a major source of revenue for organized crime. Operators need inside information to set the betting line or odds. An attempt to procure this information through bribery of a sports participant is a felony.

Because of the extreme importance of this problem, you are asked to observe these guidelines:

- Report to your coach any attempt to secure information concerning situations that might alter the normal performance of any University team.
- Do not accept any “gifts,” such as meals, presents, etc. You are required by both the Department of Student Athletics and the NCAA to report an individual who offers gifts, money, or favors in exchange for supplying information or attempting to alter the outcome of any contest.
- Be aware of the legalities of gambling at an institutional and state level. Understand that the consequences at the University level may be expulsion and that the University will also comply with federal, state, and local anti-bribery laws.
- Do not accept any money from a “fan” for a game “well played.”
- Do not attempt to sell your complimentary tickets to anyone.
- Do not discuss the condition or attitude of your team with outsiders.

Additionally, student-athletes must adhere to the following regulations:

- Cannot place a bet on any college or professional sports that the NCAA conducts a championship (cannot bet on Vanderbilt or any other institution)
- Cannot give information about your team to someone who places bets on college or professional sports
- Cannot place a bet or wager for any item (money, clothing, meals, etc.)
- Cannot enter into sports pools of any kind
- Cannot participate in internet gambling on sports events
- Cannot participate in fantasy leagues that award a prize and require a fee to participate
- Cannot engage in sports wagering using 800 or 900 numbers

Student-athletes are encouraged to communicate with the Compliance Office for more information about sports wagering or related topics.

NOTE: Athletics Department policies, Conference and NCAA regulations are subject to change after the printing of this handbook. Student-athletes are responsible for being in compliance with all rules and regulations and will be informed as such changes occur. Updates will also be made electronically to the Student-Athlete Handbook as necessary and made available.

Use of Social Networking Websites

In light of the proliferation of personal internet websites, such as Facebook and MySpace, student-athletes must understand that they are responsible for the personal content that may be included on such sites. University, Department, and Team rules and regulations extend to the internet, and student-athletes will be held accountable for any questionable behavior that is displayed. Student-athletes should note that all public personal internet sites are subject to monitoring by the Department of Student Athletics.

Violation of University, Department, and/or Team rules will result in the appropriate sanctions and could possibly jeopardize an individual's status as a student-athlete on his or her respective team. Additionally, student-athletes should be mindful that the information contained on these websites may be viewed by the general public and could have multiple implications, such as safety concerns. Additionally, employers even report that such sites are considered when considering a student-athlete as a potential employee.

Banned Substances and Alcohol

PHILOSOPHY

Vanderbilt University's Athletics Department is committed to maintaining an environment that encourages student-athletes to avoid the misuse or abuse of banned substances and alcohol, including prescription drugs, controlled substances and performance-enhancing drugs. Such activities threaten the integrity of intercollegiate athletics, and represent a danger to the health and welfare of student-athletes. The Athletics Department, in conjunction with the Vanderbilt University Medical Center has developed a banned substance and alcohol abuse, prevention, and screening policy, which was established to allow Vanderbilt student-athletes to progress toward their athletic and academic goals in a drug-free environment. The Department recognizes the personal involvement that coaches and staff members have with student-athletes and encourages these individuals to act as a positive influence.

The NCAA expressly prohibits the illegal use of banned substances. To ensure that student-athletes who participate in NCAA championships are drug-free, the NCAA tests participants for banned substances utilizing a year-round testing program and at NCAA Championships. If a student-athlete tests positive for any banned

substances, he/she will be held accountable per NCAA regulations pertaining to a positive NCAA drug test. The student-athlete may also be sanctioned by the Athletics Department and the University (see the Student-Athlete Conduct Policy).

Vanderbilt student-athletes are subject to all University, local, state, and federal regulations concerning drug trafficking and/or “dealing.” If a student-athlete is charged with drug trafficking or similar charge, the appropriate disciplinary action shall be taken.

OBJECTIVES

The policy is designed to be preventative and rehabilitative, and aims to do the following:

1. Educate Vanderbilt student-athletes on the physical, psychological and social effects of banned substance and alcohol abuse
2. Identify through periodic testing those athletes who may be involved in banned substance or alcohol abuse
3. Provide assistance, including a mechanism of counseling and rehabilitation, for athletes in need

EDUCATION

The objective of the drug education component of the Athletics Department policy is to educate student-athletes on the harmful effects of banned substance and alcohol misuse and abuse, including impact on academic and athletic performance, as well as health and legal implications.

All student-athletes are provided a general educational session within two weeks of arrival on campus each year. This session includes a discussion of the testing programs at Vanderbilt University and the consequences of positive testing. In addition, a discussion of state and federal laws regarding possession and use of alcohol and drugs, particularly as they relate to Vanderbilt University campus, is presented.

Subsequent programming and information is provided throughout the year as well.

TESTING PROCEDURES

All Vanderbilt student-athletes are eligible to be tested on a random, mandatory basis. Testing may also be performed “for cause” at the discretion of the Head Department Physician and in consultation with coaches and staff.

Student-athletes are required to sign a release form (*Consent to Perform Urinalysis for Drug Testing*) which confirms their understanding that urine testing for the presence of drugs will occur. Students are randomly selected from the rosters of all athletic teams at the University, whether in or out of season. These athletes are required to provide a urine sample under the strict supervision of personnel selected by the Head Department Physician. The athlete may have a witness accompany him/her to the testing to certify identification and to monitor the proceedings. The athlete is assigned a personal code number from a list provided which is recorded on the student-athlete’s signature form and on the test bottle.

The sample is analyzed for the presence of drugs banned by the NCAA, and may include:

Stimulants;

Anabolic Agents;

Alcohol and Beta Blockers;

Diuretics and Other Masking Agents;

Street Drugs;

Peptide Hormones and Analogues;

Anti-estrogens;

Beta-2 Agonists; and

Others, at the discretion of the Director of Sports Medicine.

Per NCAA Policy, any substance chemically related to the classes above is also banned. The complete list of banned substances is provided to all student-athletes.

The student-athlete shall be accountable for all drugs within the banned drug class.

Detection of prescription narcotics that have been taken without the Head Department Physician's written consent/permission may be treated as a positive drug test.

A student-athlete failing to report for drug testing after notification, failing to follow testing protocol or attempting to alter the integrity or validity of sample shall be charged with a positive drug test. The student-athlete shall then be considered in violation of this policy and subject to the appropriate sanctions (see Student-Athlete Conduct Policy).

COMMUNICATION OF POSITIVE TEST RESULT

1. All positive tests are reported to the Head Department Physician, who contacts the student-athlete and notifies the Vice Chancellor for University Affairs and Athletics ("Vice Chancellor") and the Head Athletic Trainer.
2. The Vice Chancellor also notifies the Office of Student Conduct and Academic Integrity as well as the Sport Administrator.
3. The Head Athletic Trainer (or designee) notifies the Head Coach.
4. The student-athlete's parent(s) or guardian(s) are notified by the Sport Administrator via written correspondence (subject to FERPA guidelines).

CONSEQUENCES OF POSITIVE TESTING

The student-athlete is subject to sanctions from the University (per the Office of Student Conduct and Academic Integrity), the Athletics Department (Student-Athlete Conduct Policy) and the Head Coach. All conduct violations, including positive drug tests, may result in loss of athletically related financial aid and/or suspension or dismissal from the team. Furthermore, penalties imposed for any student-athlete with more than one conduct violation may include a defined suspension from specified athletic activities. Note that any student-athlete with remaining eligibility that fails a drug test will be suspended from at least one competition.

1. The student-athlete must attend mandatory evaluation and counseling sessions under the supervision of a substance abuse counselor at the Vanderbilt Student Health Center. The counselor will report attendance to the Head Department Physician and the Office of Student Conduct and Academic Integrity. Failure to report for scheduled counseling (two or more missed sessions) may result in further sanctions.

2. The student-athlete is tested regularly for 12 months from the date of notification of the positive drug test. An increase in drug(s) metabolite from the most recent test indicates usage and therefore will be considered a subsequent offense.
3. The student-athlete must abide by all components of the “Better Health” agreement established between the student-athlete and the Head Department Physician. Failure to comply or lack of sufficient progress toward completion of the goals articulated in the “Better Health” agreement may lead to suspension of athletic participation.

REQUEST FOR ADDITIONAL DRUG SCREEN

If a student-athlete tests positive for a banned substance and he/she believes the results are inaccurate, the athlete has the right to request an additional screening. To initiate this process, the student-athlete must provide written request to the Vice Chancellor within 48 hours of the athlete’s notification of the positive test.

Upon the Vice Chancellor’s approval of the student-athlete’s request for an additional screening, the Head Department Physician will contact the Drug Testing Laboratory. A second drug screen can be performed at a certified laboratory using the original sample at the student-athletes’ expense. Testimony regarding the chain of custody and procedures at the laboratory can be provided for the student-athlete by the laboratory, also at the student-athlete’s expense.

SELF DISCLOSURE

This policy is designed to be rehabilitative in nature, and the Department of Student Athletics is committed to the welfare of its student-athletes. Any student-athlete who is using banned substances is encouraged to seek assistance. If, prior to being selected for drug testing, a student-athlete self-discloses such use to a Vanderbilt official, the following will occur:

1. The Head Department Physician will be notified, and he/she will contact the Vice Chancellor and the Head Athletic Trainer.
2. The Head Athletic Trainer (or designee) notifies the appropriate Sport Administrator and the Head Coach.
3. The student-athlete must attend mandatory evaluation and counseling sessions under the supervision of a substance abuse counselor at the Vanderbilt Student Health Center. The counselor will report attendance to the Director of Sports Medicine.
4. The student-athlete is thereafter subject to regular drug testing. If the student athlete tests positive after anytime after disclosure or during random testing, positive drug testing sanctions will be imposed.
5. The student-athlete must abide by all components of the “Better Health” agreement established between the student-athlete and the Head Department Physician. Failure to comply or lack of sufficient progress toward completion of the goals articulated in the “Better Health” agreement may lead to suspension of athletic participation.

Student-athletes should note that the self-disclosure opportunity may only be utilized once without additional penalties.

Student-Athlete Conduct Policy

It is a privilege to represent Vanderbilt University and student-athletes should conduct themselves accordingly at all times. The University maintains a general conduct policy that applies to all students, including student-athletes. The Athletics Department also expects student-athletes to abide by the following:

- Policies within Vanderbilt’s Student Handbook and Student-Athlete Handbook

- Residence halls' policies
- Federal, state, and local laws
- Athletics Department rules, regulations and policies
- Team rules
- NCAA and conference regulations

Inappropriate conduct includes, but is not limited to, the following:

- Threats or acts of violence/physical abuse
- Unlawful/impermissible possession, use or distribution of alcohol or banned substances
- Honor Code violations
- Sexual misconduct
- Destruction of property
- Illegal possession and/or use of weapons
- Hazing

Student-athletes are expected to represent Vanderbilt University in a respectful manner when using social media (i.e. Facebook and Twitter). Any conduct violations resulting from social networking content may be sanctioned accordingly.

Sanctions

This conduct policy is in effect for Vanderbilt student-athletes, regardless of when and where an incident occurs. In addition to Athletics Department sanctions, student-athletes who violate the conduct policy may be subject to sanctions imposed by the Office of Student Conduct and Academic Integrity and the respective Head Coach.

Penalties imposed by the Athletics Department depend on the nature of the violation. Consideration may also be given to the student-athlete's conduct history. Furthermore, penalties imposed for any student-athlete with more than one conduct violation on record may include a defined suspension (or even dismissal) from specified athletic activities.

Conduct violations that involve banned substances, alcohol or illegal activities may result in more severe penalties. Any student-athlete with remaining eligibility who fails a drug test will be suspended for at least one competition. Any student-athlete charged with a felony will be automatically suspended from his/her respective sport's activities, pending review by the Vice Chancellor, Sport Administrator and Head Coach. If charged with a misdemeanor, the student-athlete's continued athletic participation will be subject to the joint ruling of these individuals. Student-athletes possessing illegal firearms or similar weapons are subject to immediate and permanent dismissal from all athletic activities and services rendered by the Athletics Department.

Class attendance violations will continue to be sanctioned in accordance with the Athletics Department's Class Attendance Policy.

Conduct violations may result in one or more of the following penalties, as determined by the Athletics Department:

- Suspension from team activities
- Dismissal from team
- Reduction or cancellation of athletic aid
- Mandatory community service
- Loss of complimentary admissions
- Study Abroad/Foreign Tour restrictions

- Summer school restrictions
- Financial penalty assessed to student account
- Ineligibility for nominations, awards, department privileges and/or participation in extracurricular department activities (i.e. SAAC)
- Restricted use of opportunity fund

The Sport Administrator will notify the student-athlete's parent(s)/legal guardian(s) of any conduct violations involving banned substances, alcohol and/or illegal activities.

Student-athletes will have an opportunity to dispute any allegedly conflicting information during the fact-finding process. All decisions regarding Athletics Department sanctions are final.

Equal Opportunity Notice

In compliance with federal law, including the provisions of Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, Vanderbilt University does not discriminate on the basis of race, sex, religion, color, national or ethnic origin, age, disability, or military service in its administration of educational policies, programs, or activities; scholarship and loan programs; athletic or other University-administered programs; or employment. Inquiries or complaints should be directed to the Opportunity Development Center (ODC).

Transfer and Financial Aid Appeals

The University Athletics Committee, which is a body external to the Athletics Department and is comprised of several faculty members including the Faculty Athletics Representative, is responsible for enacting the transfer appeal procedures. Student-athletes who wish to appeal transfer decisions indicate this in writing to the Director of Compliance. Appeal hearings are conducted under the sole direction of the Chair of the University Athletics Committee and the committee members chosen at his/her discretion.

The Director of Compliance will immediately notify the Chair of the University Athletics Committee of any transfer appeal request. The Chair shall convene at least 2 other committee members to participate in the hearing. The Committee ensures that the student-athlete is provided the opportunity to actively participate (e.g. in person, via telephone) in the hearing. At the Chair's discretion, the Head Coach and/or other parties deemed relevant may be contacted to provide supporting documentation.

All hearings are completed and the written results (email correspondence is acceptable) provided to the student-athlete within 15 business days of the student-athlete's request for appeal. The Chair also notifies the Director of Compliance of the final decision, who shall ensure that the appropriate individuals within the Athletics Department are notified. Once the Committee has deliberated and provided the written results, the decision is final.

For transfer appeals, if permission to contact is granted as a result of the appeal decision, the Director of Compliance or designee will formally issue the permission to contact by the next business day. If the appeal hearing is not conducted and/or the written results are not provided to the student-athlete within 15 business days, permission to contact the student-athlete shall be granted by default, and the written permission will be provided to the student-athlete by the next business day (per NCAA regulations).

The Executive Director of Student Financial Aid and Undergraduate Scholarships is responsible for enacting the financial aid appeal procedures. A student-athlete who wishes to appeal, in accordance with NCAA

Bylaws, a decision related to his or her Athletic Grant-In-Aid (AGIA) that has been awarded on the basis of athletic ability shall submit a written request for such a hearing to the Executive Director of Student Financial Aid and Undergraduate Scholarships. That request shall be submitted within the stipulated number of days (usually 14) from the date that is referenced on the athlete's written notification of the reduction, cancellation or non-renewal of his or her AGIA.

A Student Financial Aid Hearing/Appeals Committee will then be selected/appointed by the Executive Director of Student Financial Aid and Undergraduate Scholarships and shall take the requested hearing. The Executive Director shall conduct the hearing but not serve as a voting member of the Committee. In addition, he/she shall serve as a resource for the student, for the Committee members and for the Athletics Department with regard to the hearing. The Committee shall consist of three voting members, typically two faculty members and/or administrators, and one non-faculty staff member. Committee members may not be members of the Athletics Department staff nor have University roles closely aligned with the Athletics Department's direct interests or responsibilities. If appropriate and requested by either party to the hearing process, a representative from University offices, such as the Office of Student Financial Aid and Undergraduate Scholarships and/or the University Registrar's Office may also be asked to serve as a resource person during the hearing process. Such individuals must be approved by the Committee to serve in that capacity. Each Committee member serves for the duration of the appeal.

This is an internal procedure conducted within the University community and neither party is allowed to have lawyers, agents, advocates or other such designated individuals represent them or act on their behalf at the hearing.

The hearing/appeal shall be conducted according to the following guidelines:

- A time will be set for a hearing as soon as possible after the request for the hearing is received and when all parties can be reasonably accommodated.
- The hearing shall be conducted in private. Admission of any person to the hearing shall be at the discretion of the Committee.
- Each party in the hearing process (the student and Athletics Department) shall have the opportunity to address the Committee without the other party being present. This can be done in person and/or in writing. Each party will be subject to possible questioning by the Committee.
- The student and Athletics Department have the right to ask witnesses to present statements or provide information specifically and only relevant to the issue being addressed in the hearing/appeal. It is each party's responsibility to assure that their respective witnesses are present at the hearing when it is time for their statements/testimony, if such statements/testimony is/are to be given in person. All witnesses will be subject to possible questioning by the Committee.
- Either party may present pertinent records, exhibits and written statements. Such items will be accepted for consideration and evaluation at the discretion of the Committee.
- All procedural questions are subject to the final decision of the person designated to conduct the hearing (usually the Executive Director of the Office of Student Financial Aid and Undergraduate Scholarships) with input, if so requested, from the Committee or any other individuals who might have been requested to serve as a resource at the hearing.
- After the hearing, the Committee shall, by a majority vote, make a decision/finding either in favor of the student-athlete or the Athletics Department. The Committee's decision shall be announced to both parties as quickly as possible, but no later than 10 days after the date of the Committee's decision having been reached. A member of the Committee who wishes to write a dissenting opinion may do so, and it shall accompany the Committee's announced decision if the dissenting committee member so requests.

- If so desired, a record of the hearing can be recorded on equipment supplied by the University. The record shall then become property of the University.
- The Committee's decision will be final – there is no appeal beyond the Committee's decision.

If the AGIA is renewed as a result of the appeal decision, a revised grant-in-aid letter will be created by the Director of Compliance and forwarded to the Executive Director of Financial Aid and Undergraduate Admissions by the next business day.

The financial aid and transfer appeal procedures are directly communicated to athletics staff members and coaches via email from the Compliance Office staff members and also provided and reviewed in detail by the Director of Compliance during specified monthly coaches meetings. These procedures are also included in the Athletics Department's Policy and Procedures Manual (always available in electronic format in a shared drive accessible to department staff members and also hard copy in the Office of Athletics Administration).

The appeal procedures are directly communicated to the student-athletes by the Compliance Office staff members via email. The standard AGIA letter, provided to all scholarship student-athletes by the Director of Student Financial Aid, also explains the financial aid appeal process. Any AGIA letter that includes a reduction or cancellation also includes the "VU Student Financial Aid Guidelines Appeals/Hearing Process for Student Athletes" document. The Compliance Office staff also provides written copies of the procedures to student-athletes upon request and is available to discuss and review said procedures at anytime. Additionally, these procedures are also reviewed in the team orientation meetings held each semester by the Compliance Staff.

Student-Athlete Grievance Procedure

Situations may arise in which a student-athlete believes that a member of the Department of Student Athletics, including the coaching staff, has treated him or her unfairly or that a policy or procedure has been administered in a detrimental manner to the student.

Student-athletes are encouraged to bring complaints about such actions to the attention of the Athletics Administration using the process described below. Note that student-athletes may initially choose to address the issue directly with the person who they believed treated him or her unfairly. This may be done at the student-athlete's discretion, and is not required prior to notifying the Administration.

The student-athlete should direct his or her complaint to an Associate Director of Athletics. The Associate Director will gather all appropriate information and conduct a thorough investigation of the matter (written report of the grievance is required). To protect the integrity of the process, other members of the Administration will be involved as appropriate to ensure a non-biased approach. The investigation should be complete within 2 weeks of notification. The Associate Director will notify the involved parties of the findings, and forward a final report to the Vice Chancellor of Athletics and University Affairs.

If the student-athlete believes that his/her concerns were not adequately addressed during the process, the student should direct the matter to the Vice Chancellor for his review. Upon conducting an independent review, the Vice Chancellor will issue his own findings to the involved parties.

If the complaint alleges unlawful discrimination (based on race, color, religion, sex or national origin), the Equal Opportunity, Affirmative Action and Disability Services Department (EAD) should be contacted by the Associate Director and/or the student-athlete. The EAD will proceed in accordance with their department's policies and procedures.

“Extra” Benefits and Boosters

The NCAA defines an extra benefit as “any special arrangement by an institutional employee or booster to provide the student-athlete or his or her relatives or friends with a benefit not expressly authorized by NCAA legislation.”

Student-athletes should consult the Compliance Office to clarify which benefits would be considered permissible.

The NCAA clearly states that the following is not permissible from Vanderbilt staff members or boosters:

- loan of money;
- guarantee of bond;
- a car or use of a car;
- transportation (except under certain occasional circumstances by an institutional staff member);
- signing or cosigning a note with an outside agency to arrange a loan;
- special discount, payment arrangement or credit on a purchase or a service;
- use of a telephone or credit card for personal use without charge;
- services from commercial agencies for free or at a reduced rate, or receipt of any material benefit not made available to the entire student body);
- receive more than the allotted number of complimentary admissions to an athletics contest in which you participate; or
- sell complimentary admissions at any price.

This means that you should not accept special discounts or services, or even special payment arrangements on any purchases. Be wary of “free” or “special” benefits that someone wishes to give you.

Please be mindful that this is *not* an exhaustive list. If you are in doubt about such benefits, check with your Head Coach or the Compliance Office. **ALSO, PLEASE UNDERSTAND THAT THE RECEIPT OF EXTRA BENEFITS BY YOUR FAMILY AND FRIENDS CAN ALSO IMPACT YOUR ELIGIBILITY!!!! Spread the word!!!!**

A booster (also known as a “Representative of Athletics Interests”) is defined as an individual or organization that has done any of the following:

- participated in any type of promotion of the athletics program;
- made a financial contribution to the athletics department or a Vanderbilt booster organization;

-assisted or be asked to assist in the recruitment of prospects.

Once an individual or organization is labeled as a booster, that identity is retained forever (for NCAA and University purposes).

Agents/Advisors

To compete as a student-athlete, it is essential that you know the NCAA rules related to professional sports and agents and/or advisors. As an amateur collegiate athlete, you may not be represented by an agent or advisor. Should you wish to pursue such representation, the Compliance Office will assist you. Any violation of these rules could have severe consequences for you and the University. For this reason, NCAA rules concerning agents and professional sports are explained during the Compliance Orientation meeting at the beginning of each sport's season.

The Emerging Leaders in Tomorrow's Endeavors (ELITE) program also assists student-athletes at Vanderbilt who desire to pursue a professional career in sports. The ELITE program provides counseling and information concerning compliance with NCAA Bylaws to maintain athletic eligibility while a student-athlete at Vanderbilt University, evaluation of a potential pro sports career, understanding how to become a professional athlete, evaluation and selection of a sports agent or financial advisor and other resources. Please see the Compliance Staff for additional information.

Student-Athlete Employment

The Compliance Office and the Head Coach must approve any employment during the academic year, before student-athletes begin working. Failure to do so could negatively impact your eligibility. Student-athletes are eligible to work on or off-campus.

Rules of Employment:

- The work performed must be useful.
- The rate of pay is to be the normal rate of pay for the duties performed.
- The hours paid must equal the hours worked.
- Payment in advance of hours worked is not permitted.
- Transportation to work may be provided only if transportation is available to all employees.

Please notify Life Skills and the Compliance Office if you are employed. You are required to complete paperwork so that your employment can be monitored appropriately.

Housing

Most student-athletes will reside on campus in Vanderbilt residence halls. In limited instances, student-athletes may be approved by the Office of Residential Life to live off-campus. Scholarship student-athletes who live off-campus (and whose scholarships include room and/or board) will receive a monthly stipend for these expenses. Each semester (and each applicable summer session), student-athletes are required to complete the "Student-Athlete GIA Request Form" in order to receive the stipend check.

For the Fall semester, stipend checks will be provided for the months of September – December. For the Spring semester, stipend checks will be provided January – April. Student-athletes required to remain on campus for graduation and/or postseason competition extending beyond the Spring semester will be provided an additional stipend.

All University, Conference and NCAA rules and regulations apply.

Rules Education

Each student-athlete will attend a comprehensive Compliance Orientation at the beginning of their athletic season. Various regulations and expectations are reviewed, including the following topics:

- awards and benefits
- countable athletically related activities (i.e. 20 hours per week)
- book policy
- employment
- promotional activities
- student hosting during official/unofficial visits
- sports wagering
- agents and amateurism
- financial aid
- voluntary withdrawal from team
- academic and athletic eligibility
- obligation to report violations

Student-athletes will also receive routine education about compliance topics via email updates, documents, team presentations, meetings and individual consultation.

PROTECT YOURSELF, YOUR TEAM AND THE UNIVERSITY.....ASK BEFORE YOU ACT!

Please feel free to contact the Compliance Office with **any** questions or concerns.

STRENGTH AND CONDITIONING

To become a successful student athlete, you must reach and maintain your optimal physical condition, which will help prevent injuries, increase athletic potential, and build confidence and discipline. The Department of Student Athletics has provided you with two fully staffed weight rooms to help you achieve the best physical condition. Additionally, the baseball team has its own weightroom located above the batting cages. Facilities for all other athletes are located in the McGugin Center and offer individualized, computerized workouts.

Although equal in quality, the weight rooms are different in their rules, equipment, and hours of operation. Individual and team workouts are to be made by appointment. Once a workout is scheduled, it becomes mandatory to attend. Rules and consequences for tardiness and absences will be administered on a team-by-team basis.

Commodore Weight Room Rules and Regulations

Use of the Strength and Conditioning facilities is a privilege, not a right. Failure to comply with any of the following rules may result in the loss of weight room privileges.

Use of the Vanderbilt athletic weight rooms is restricted to the following — No Exceptions:

- current varsity intercollegiate athletes — peak hours are limited to current varsity athlete use only
- ex-varsity intercollegiate athletes currently enrolled in school
- Student Athletics Department coaches and support staff

Any others must be pre-arranged and approved by the Strength and Conditioning staff.

Guidelines for use of weight room:

- Attire — Proper weight-lifting attire is required at all times (tennis shoes, shorts, shirts, tights, or sweats). No street clothes, jeans, jean or dress shorts, sandals, thongs, or attire with team logos other than Vanderbilt's.
- Replace all weights when finished with each exercise.
- No food or drink is allowed, except water bottles. No tobacco of any kind is allowed.
- Always use spotters when lifting.
- No horseplay in weight room for any reason (includes running, wrestling, throwing or bouncing balls).
- Report any injuries, no matter how seemingly insignificant, to the Strength staff.
- Respect other athletes. Do not monopolize equipment—share. Do not swear or argue.
- Do not change stereo station or volume without prior permission of Strength staff.
- Report all damaged or broken equipment immediately.
- Weight room offices and phones are off limits to athletes, unless accompanied by Weight Room staff.

STUDENT-ATHLETE FOOD SERVICE

The Department of Student Athletics adheres to all University, Southeastern Conference and NCAA rules and regulations related to providing food service to student-athletes. Each Head Coach determines which student-athletes are to receive "board" as part of their athletic scholarship.

The types of "board" plans that are available to scholarship student-athletes are as follows:

Student Athlete Meal Plan

The scholarship athletic meal plan includes the following:

- Six dinners in the Hendrix Room (Sunday thru Friday).
- Ten additional meals per week (one meal per period at any on campus venue that has a meal plan).
- \$60.00 per week on the card. This meal money may be used to purchase food at any on-campus restaurants and Markets, as well as at participating off-campus Taste of Nashville venues. For a complete listing of on and off campus venues, please visit <http://www.vanderbilt.edu/dining/>.

Cash-in-Lieu of Board

In compliance with NCAA regulations, student-athletes who live off campus and receive "board" as part of an athletic scholarship may be given a stipend in-lieu-of the cost of a University meal plan. A scholarship student-athlete, with the approval of his/her Head Coach, may elect one of three off campus "room and board" options: housing and all meals, housing and stipend for breakfast and lunch plus dinner at the Training Table/, or housing only and all meals on campus. The amount of the stipend is calculated based on the amount of the individual's scholarship and the meal option selected.

Student-athletes eligible for a cash-in-lieu stipend are responsible for filling out a Student Athlete GIA Request Form for Off Campus Housing/Meals at the beginning of each semester. This form must be approved by the Head Coach, Academic Support Staff, Residential Housing Staff and Compliance Office. Once this form has been completed, it is submitted to the Athletic Business Office.

The Accounting Assistant in the Athletic Business Office is responsible for preparing associated check requests for "cash-in-lieu" board payments and submitting them to the University Accounting Office. As checks are received from the Accounting Department, the Cashier/Bookkeeper, or Accounting Assistant, distributes these checks to student-athletes at the beginning of each month. Student-athletes are required to pick-up their own checks and sign for their receipt.

Checks are given for 4 months each semester (September-December and January-April). Student-athletes required to remain for competition after April may receive an additional stipend. Refer to information in "Housing" section of this handbook.

Hendrix Room Policies

The Department of Student Athletics and Vanderbilt Dining Services are extremely proud of having received national recognition in *Sports Illustrated* as the "Best Training Table in all the Country." To help maintain the excellent service and delicious menus, we ask that all students, staff, and coaches comply with the following policies for the Hendrix Room:

- Unless otherwise specified, the Hendrix Room is only open for dinner on Sundays through Thursdays from 5:30 p.m. to 8:30 p.m. and Fridays from 5:00 p.m. to 7:00 p.m.
- All student athletes, coaches and staff must present a valid Vanderbilt ID Card with Hendrix Room approved access before entering the Hendrix Room. There will be no access without a valid ID Card. Sign in access is no longer allowed.
- All book bags must be left in the area outside the entrance. This area is monitored by Hendrix Room Staff.
- You may eat all you want during meal times. However, no food or drinks should be taken from the Hendrix Room.
- Utensils and other items cannot be taken from the Hendrix Room.
- No one is allowed in the kitchen during meals.
- When you finish your meals, trays are to be returned to the dish room window.
- If you have ice bags or other items to treat injuries, take them with you when you leave.
- You will not be permitted into the Hendrix Room during non-dinner hours.

Any student-athlete who is a member of an intercollegiate athletic team, with meals included in their scholarship, may eat at the athletic Training Table. If a non-scholarship student-athlete elects to eat at the athletic Training Table, he/she may purchase this dining plan from the University Card Office after completing the required Athletic Meal Plan Request Form. This form can be found in the Business Office.

Taste of Nashville

Student athletes may use their \$60 weekly meal money at any participating off-campus Taste of Nashville venue.

Student athletes should note that scholarship monies may not be used to purchase alcohol on or off-campus, regardless of age. Failure to comply will result in loss of privileges. Additional sanctions may include a range of disciplinary actions, including loss of scholarship.

Box Meals

Box Meals are available for student athletes who are unable to eat in the Hendrix during regular operating hours due to class schedule or practice running too close to class time. Box meals must be arranged in advance by notifying the Academic Counselor or Associate Director assigned to the sport. That individual will notify the designated Associate Director of Student Athletics who will coordinate the request with Dining Services. These meals will be prepared in Rand and delivered to the Hendrix Room on the designated days. Student Athletes will have the choice of a regular meal or vegetarian option. Any athlete that has requested a Box Meal will continue to get the Box Meal for the semester on the designated days or until the service is no longer needed.

Preseason and Vacation Break Meals

The Associate Director of Student Athletics reviews arrangements for preseason and vacation break food service for student-athletes who are required to be on campus prior to the official beginning of the semester or during vacation breaks for official team practice or competition. The related cost of such meals is included in the budget for the designated sport. The head coach will determine if a meal or per diem will be provided for each meal during these periods.

Per Diem rates:

Breakfast	10.00
Lunch	10.00
Dinner	15.00
	<hr/>
	\$35.00

The **National Commodore Club** gives all Vanderbilt fans — students, parents, friends, alumni and former student-athletes — the opportunity to directly impact Vanderbilt athletics. Through contributions to the NCC, our members help provide scholarship funds for our student-athletes. The support of NCC members helps Vanderbilt recruit the top student-athletes to compete academically and athletically. **Go 'Dores!**

★ Go 'Dores

★ Go 'Dores

Ways to **support** Vanderbilt athletics today and tomorrow

Senior Class Fund

Graduating seniors are asked to leave their mark on Vanderbilt University each year by making a gift to the Senior Class Fund. These gifts can be attributed to any area of campus. As a student-athlete, consider making a gift to the NCC and show your appreciation for your experience as a Commodore.

NCC Unrestricted Gift

Upon graduation, student-athletes will receive a complimentary one-year NCC membership at the Chief (\$100) level and the corresponding benefits. We hope this gift will inspire you to continue giving every year.

Sport-Specific Restricted Gift

You can help the student-athletes who follow in your footsteps by making a gift to your sport. This gift will go to that sport's "excellence" fund for projects outside its operating budget.

Young Alumni

Within five years after you earn a degree from any of Vanderbilt's undergraduate schools, you may purchase two football season tickets and two basketball season tickets at a discounted rate when you join the NCC. You must give a minimum \$100 gift to the NCC.

Additional Support

Private support is needed to build, renovate and enhance our athletic facilities. Generous contributions from NCC members help fund these capital projects. Some of our loyal and generous supporters have endowed athletic scholarships. The names of our endowed scholarships and their student-athlete recipients can be seen on the wall in the McGugin Center lobby.

To learn more about the NCC or to become a member, **see** us in the McGugin Center, **call** us at (615) 322-4114 or **visit** us at NationalCommodoreClub.com.

VANDERBILT UNIVERSITY INFORMATION

Office of the Dean of Students
310 Sarratt Student Center
(615) 322-6400

For general questions about student life: <http://www.vanderbilt.edu/deanofstudents/>

Mission Statement:

The Office of the Dean of Students serves a central role in student learning and development at Vanderbilt, advancing the University's mission of teaching, research, and service by fostering academic and social networks through which students develop as intentional learners and global citizens. The Office of the Dean of Students creates opportunities to involve students, faculty and staff in diverse learning communities and provides a critical support structure for enriching the overall student experience. We achieve these ends through strategic alignment, both internally and in concert with other university departments.

Automobile Registration and Parking

Office of Traffic and Parking

Wesley Place Garage, 2043 Scarritt Place (615) 322-2554

All motor vehicles operated by Vanderbilt student athletes must be registered annually with the Office of Traffic and Parking and the Department of Student Athletics. To register a vehicle on campus, students must present a current Vanderbilt student ID card and a copy of the state vehicle registration certificate. If residing off campus, the student must provide verification of address (e.g., copy of lease, piece of mail). Registered vehicles are issued a numbered parking decal bearing markings that correspond to parking areas shown on the campus parking map. A vehicle registration fee is charged. This fee is the responsibility of the student athlete. To register your vehicle with the Department of Student Athletics, please contact the Compliance Office. Note that bicycles must be registered with the Vanderbilt Police Department.

Parking Fines

Fines assessed against a student are charged to his/her Student Account. Students will not be allowed to register for the following term if fines have not been paid.

The Ben Schulman Center for Jewish Life

2421 Vanderbilt Place
(615) 343-1953

The Schulman Center provides a number of facilities and services for Vanderbilt students. The ground floor houses Grins, a kosher vegetarian café and a large social space in the front of the building that is used for social gatherings, Hillel dinners and informal discussions. The second floor houses a classroom, offices and a library.

Bishop Joseph Johnson Black Cultural Center

(615) 322-2524; fax (615) 343-4215

Hours: 8:30 a.m. to midnight,

Monday through Friday and weekends as needed

The Bishop Joseph Johnson Black Cultural Center provides educational and cultural programming on the African world experience for the University. The center represents the University's efforts in promoting diversity and fostering understanding and appreciation of the values and cultural heritages of people of African origin worldwide. In this respect, the center also serves as a clearinghouse for information relative to African and African-descended life and culture. The center is a system of support to African-descended students but is open to all students for small meetings and gatherings throughout the year.

Office of Housing and Residential Education

(615) 322-2591

www.vanderbilt.edu/ResEd

Housing Assignment Process

To give special attention to the needs of incoming freshmen, first-year students are housed separately from upperclassmen. Incoming freshmen may indicate their preference for assignment to either a double room or a single room. Incoming freshmen apply for housing online through a Web-based application. Instructions for accessing and completing the freshman housing application are provided to students in a letter included in each student's admissions packet distributed by the Office of Undergraduate Admissions. It is important for students to read carefully the

instructions for completing the application and to complete the form with thoroughness and accuracy.

Vanderbilt University offers a wide variety of housing options for upperclass students. As a result, the upperclass assignment process is a complex one. It is important to understand the rules and procedures governing this process in order to make intelligent and well-informed choices. The upperclass assignment process is a system based upon personal choice. Generally, upperclass undergraduate students select the rooms in which they will live. The University designates buildings, floors, suites, apartments, and lodges by gender so that men and women will have a roughly proportionate opportunity to be assigned to the various types of accommodations available on campus. All returning, single, undergraduate students currently enrolled at Vanderbilt are eligible to participate in the housing application and assignment process.

Laundry and Linen Facilities

Coin-operated washers and dryers are provided for campus residents in Branscomb Quadrangle, Vanderbilt/Barnard, Lewis and Morgan Houses, Gillette Hall, West Hall, and Carmichael Towers East and West.

Key Replacement

If a key is lost or not replaced when a room is vacated, then the lock may be changed and the resident charged for the replacement.

Learning Resource Center

221 Garland Hall

(615) 322-4855

Hours: 8:00 a.m. to 4:30 p.m., Monday through Thursday

8:00 a.m. to 4:00 p.m. Friday

The purpose of the Learning Resource Center is to improve and enhance learning through the use of instructional media for groups and individuals. Audio/visual equipment and services are available for checkout for Arts and Science courses and related activities.

Libraries

The Jean and Alexander Heard Library System consists of nine divisional libraries. The General Library Building houses the Central Library, Divinity Library, and Special Collections. Other campus libraries are the Sarah Shannon Stevenson Science and Engineering Library (in Stevenson Center), the Education Library (on the Peabody campus), the Alyne Queener Massey Law Library (204 Law School), the Walker Management Library (148 Management Hall), the Annette and Irwin Eskind Biomedical Library, and the Anne Potter Wilson Music Library (200 Blair School), as well as the Television News Archive (Baker Building).

General Library Phone: (615) 322-7120

Mail Service

Rand Hall

(615) 322-2934

The mail service is located on the lower level of Rand and is available from 10:00 a.m. to 4:00 p.m., Monday through Friday. Parcel pickup is available on Saturdays from 10:00 a.m. to noon during the fall and spring semesters; all windows are closed on Saturday during the summer.

Mail and/or packages should be addressed in the following manner:

I. M. Sender

555 Their Street

Returnville, TN 37200

John Q. Athlete

VU Sta. B # 350000*

2301 Vanderbilt Place

Nashville, TN 37230000*

*Put student's box number in place of the zeros.

The Margaret Cuninggim Women's Center
West Side Row (615) 322-4843

The Margaret Cuninggim Women's Center advances equity at Vanderbilt, and in the larger community, through advocacy, education and empowerment. The programs and services are open to students, faculty and staff, as well as interested members of the local community. Because gender matters, we invite you to get informed, get connected, get active and celebrate women!

The Office of Lesbian, Gay, Bisexual, Transgender, Queer, and Intersex Life

K.C. Potter Center
Euclid, 312 West Side Row (615) 322-3330

The Office of Lesbian, Gay, Bisexual, Transgender, Queer, and Intersex Life at Vanderbilt University is a cultural center and a place of affirmation for individuals of all identities, and a resource for information and support about gender and sexuality.

The Office of LGBTQI Life serves all members of the Vanderbilt community — students, faculty, staff, and alumni — by creating educational, cultural, and social opportunities. The office also supports and advises LGBTQI-related campus groups and activities, a list of which can be found under our Campus Resources link.

The Office of LGBTQI Life expands the role of its predecessor, the GLBT Resource Office, and is staffed by three full-time professionals, one graduate assistant, and a team of student receptionists.

In all cases the office provides confidentiality for visitors and inquiries.

Psychological and Counseling Center
2015 Terrace Place
(615) 322-2571

Hours: 9:00 a.m. to 6:00 p.m. Monday through Thursday,
9:00 a.m. to 4:00 p.m. Friday

The Psychological and Counseling Center provides individual counseling for personal, social, academic, and emotional issues; marital counseling and career assessment and counseling. Group programs for personal growth, self-improvement, awareness, and support are also available. Counseling services are confidential to the extent permitted by law.

Student Health Center
Zerfoss Building, Medical Center North
Appointment Line: (615) 322-2427

Hours: 8:00 a.m. to 4:30 p.m., Monday through Friday
8:30 a.m. to noon, Saturday

The Student Health Service is designed to meet the routine primary health care needs of all registered students. Except in emergencies, students should call for appointments to minimize waiting times and avoid missing classes.

University Chaplain and Affiliated Ministries

2417 West End Avenue

(615) 322-2457

Hours: 8:30 a.m. to 5:00 p.m.

The University Chaplain and other ministers and professional staff affiliated with the University provide worship, counseling, study, social action, and fellowship for student constituencies. They also join in cooperative programs that minister to the University.

Student groups affiliated with the University Chaplain's office:

Baptist Collegiate Ministry

Campus Crusade for Christ

Fellowship of Christian Athletes

Inter-Varsity Christian Fellowship

Presbyterian Student Fellowship

Reformed University Fellowship

Vanderbilt Catholic Community

Wesley Fellowship
