09/20/2007

Ms Cathy Snyder
Associate Director
Vanderbilt University
Station B, Box 7749
110 21st Avenue, South
Nashville, TN. 37235--7749

Dear Ms Cathy Snyder,

The Office of Naval Research, Atlanta Regional Office has performed a limited Property Control System Analysis (PCSA) of the Vanderbilt University property control system. The PCSA, conducted on 09/20/2007 was performed within the guidance of Department of Defense Manual for the Performance of Contract Property Administration (DoD Instruction 4161.2-M, dated December 1991) and guidance provided by the Engineering and Systems Review Branch, Office of Naval Research.

The objective of the PCSA was to ascertain the ability of Vanderbilt University's property control system to protect, preserve, account for and control Government-owned property in their custody. The PCSA included various tests and analyses of the institution's internal management controls for property management, inventory procedures, reports, disposition activities and other areas as deemed necessary to perform the PCSA.

According to ONR records, the total value of ONR administered property at the Vanderbilt University as of 09/20/2007 is $63,650.00. The property is distributed as follows:

<table>
<thead>
<tr>
<th>DOD</th>
<th>NASA</th>
<th>NIH</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0.00</td>
<td>$63,650.00</td>
<td>$0.00</td>
</tr>
</tbody>
</table>

An A-133 audit was recently conducted which addressed the institution's overall property control system. The audit did not identify any findings related to the control of government titled property.

The Vanderbilt University Property Policies and Procedures have been reviewed for completeness and have been found to be acceptable.
The Vanderbilt University recently performed a physical inventory. The inventory was performed in accordance with their approved policies and procedures. There were no deficiencies identified during the physical inventory.

For the last property reporting period the Vanderbilt University submitted all Annual Property Reports in a timely manner. The Annual Reports that were submitted for this period contained accurate information.

The Vanderbilt University has routinely requested disposition instructions within a reasonable timeframe after the property is no longer needed for its assigned project.

During the previous year, Vanderbilt University submitted their required final property reports in a timely manner.

Based upon the results of this PCSA and in the judgment of the Property Administrator, the property control system at the Vanderbilt University is rated satisfactory to protect, preserve, account for and control Government owned property.

Thank you for your assistance in this matter. If you have any questions, please contact James B. Gandy (404) 562-1602 or e-mail gandyj@onr.navy.mil

Died Heaton  
Property Administrator
