Welcome to Vanderbilt University's ecrt® Effort Reporting Solution. Beginning in March 2018, this application will be used to certify effort when required to ensure compliance with the federal requirements per the Uniform Guidance. Faculty members certify their own individual effort reports and Principal Investigators will certify effort for the non-faculty individuals paid off their federal grants. Please contact your local departmental Effort Coordinator or OCGA if you have any questions.

Reviewing your Work List

Your Work List appears displaying your **Effort Statement** and any **Project Statement(s)** for which you are the PI. *Note: **The Associated Projects (View-Only)** will display projects if you are the PI of the overarching award but not the associated project(s). You are not responsible for certifying these project statements but have view access should you need to review the activity on these projects.*

Rounding

In some cases, the total percent displayed on an effort may not total 100%. This typically occurs because labor distributions are made to 2 decimal places while the ECRT system rounds each of these lines individually to display a whole number for certification. This is a widely accepted methodology and has been adopted broadly in the Higher Education industry without audit ramifications. Vanderbilt Audit, Risk and Advisory Services has deemed the methodology appropriate and compliant with all regulations.
