**Adventure Trip Information**

The majority of trips are designed for a group of 10-12 people with little or no previous experience. Trips usually range from an $18 hiking trip to a $90 whitewater rafting trip. The fee for each trip covers the activity, in-camp food, transportation, camping fees, and group or specialized equipment. The trips vary in length from day trips to overnight trips to weeklong break trips. For more information, look for flyers around campus, the OUTREC website, or stop by the Outdoor Recreation Center during rental hours. Trips are open to all VU students, faculty, staff, and Rec. Center members.

**Climbing Wall**

The wall is located just inside the Vanderbilt Recreation & Wellness Center. Climbing instructors and necessary equipment are available as scheduled. This service is provided free of charge to students and VRWC members. The wall is “open” when the cart is out. A schedule is available following the first full week of classes.

**Kayaking Workshops**

Workshops last two hours each and are held in the shallow end of the swimming pool on either Tuesday or Thursday evenings. The workshops are $5 to students and VRWC Members. E-mail outdoorrec@vanderbilt.edu to reserve a space. A schedule is available following the first full week of classes.

**Resource Center**

The Outdoor Recreation Program has a Resource Center to aid in trip planning and learning more about a specific activity or location. Books, magazines, maps, videos, and DVD’s are available to use with the Outdoor Recreation Center free of charge. Each item costs $0.75/week to rent.

**Rental Information**

A variety of equipment is available to rent for a nominal fee from the Outdoor Recreation Center (ORC). To rent equipment, a Vanderbilt student or faculty/staff ID card must be presented. All rental fees must be paid at the time of the reservation or checkout via cash, check, credit card, or the Vanderbilt Card. No phone reservations are accepted. To place a reservation, renters must come in person to reserve and pay for the equipment in full. Weekends are the most popular rental period. You can pick up equipment on either Thursday or Friday for the weekend price, and return the gear on Monday.
