

ecrt[®] Effort Reporting Solution

What is ecrt[®]?

Web based effort certification tool

Facilitates compliance

Allows for 'real-time' proactive monitoring of effort and payroll

Has management and reporting tools such as:

- Labor Distribution – by person and by project
- Certification status – by person, by department, by school

Future Process

Hybrid Approach to Effort Certification

Introducing Project Based Certification

Faculty

- Certify 100% of their own effort

PI

- Certify all non-faculty on their projects

Quarterly Certification Schedule

- March
- June
- September
- December

Effort Certification Conversion Plan

- For all faculty, staff and students paid off federal funds through December 31, 2017:
 - **Final Effort Report in ePAC** will be generated in early 2018
 - **Final ePAC effort reports** must be certified by **February 28, 2018**
- For all faculty and PIs paid off federal funds and with federal awards after January 1, 2018:
 - **First Effort Reports in ecrt[®]** will be ready for certification in **March 2018**

Things to think about now as the go-live date approaches...

For all faculty, staff and students paid off federal funds through December 31, 2017:

- **Final Effort Report in ePAC** will be generated in early 2018
- **Final ePAC effort reports** must be certified by **February 28, 2018**

For all faculty and PIs paid off federal funds and with federal awards after January 1, 2018:

- **First Effort Reports in ecrt[®]** will be ready for certification in **March 2018**
