Item Type Information Section

Category – Select what charges this item type can be used for (Tuition, Insurance, Fees, etc.)

Item Type Description – Select the description that describes what the item type is being used for. When deciding on the item type description for a financial aid item type, please keep in mind:

- The award recipient will be seeing the description on their financial aid award and on their student account.

- Keep the name as generic as possible to allow for the item type to be used for any and all awards that may be paid from one funding source (e.g. The Chemistry department pays three awards, the Star Award, The John Doe Award and The Jane Doe Awards which are all funded by the same COA, one item type can be used for all of these awards and the description can be Chemistry Department Award).

- The character limit is 30.

- If it is a scholarship or award that may pay any type of charge on the account, do not use specific charges in the description, such as XYZ Tuition Scholarship.
