Resources: Sustainability across the Curriculum

Definition of Sustainability
- Broadly defined, “sustainability” is meeting the needs of the present generation without compromising the ability of future generations to meet their needs.
- Ecologically sound, socially just, and economically viable, both now and in the future.
- People, Planet, Performance, in an institutional or corporate setting.

Articles, Books and Conference Proceedings
- Greening of the Campus Conference
- AASHE Conference (every two years)
