

A permit is required for **ALL** motorized vehicles parking on the Vanderbilt University Campus. **Motorcycles, motorized bicycles, motor scooters and mopeds** are required to display “U” permits. The cost of a U Permit is waived if a customer has already purchased an annual vehicle permit at regular price. Motorcycle, motorized bicycle, motor scooter and moped parking areas can be found on the parking map (<http://www.vanderbilt.edu/parking> and click on “Maps”) as designated by the motorcycle symbols. Parking is authorized only in spaces marked by signs or ground markings. Any motorcycle, motorized bicycle, motor scooter and moped that does not display a U Permit or that is parked in an unauthorized area is subject to being ticketed, impounded and/or marked for future enforcement purposes.

Motorcycles, motorized bicycles, motor scooters and mopeds are **NOT** allowed to be operated on sidewalks, walkways or similar pathways as per Tennessee ordinance #55-8-101(35). Vehicles (such as motorized wheelchairs) providing handicap accessibility are exempt from enforcement of this law if their use is coordinated and approved through the Equal Opportunity, Affirmative Action, and Disability Services Department (EAD).
