MATERIAL SAFETY DATA SHEET

Photopolymer Resin

1. IDENTIFICATION OF THE SUBSTANCE AND THE COMPANY
Product name: UV SENSITIVE RESIN FOR 3D PRINTING, all colours
Supplier:
Prusa Research s.r.o.
Partyzánska 188/7a
17000 Praha 7
Czech Republic
D/C: CZ42413705
+420 222 263 718
info@prusadd.com

2. HAZARD(S) IDENTIFICATION
GHS HAZARD CLASSIFICATION OF THE SUBSTANCE OR MIXTURE:

Hazard Statement(s):
H317 May cause an allergic skin reaction
H320 Causes eye irritation
H303 May be harmful if swallowed (uncured material only)
H335 May cause respiratory irritation (uncured material only)

Hazard Statement(s):
P201 Obtain special instructions before use.
P202 Do not handle until all safety precautions have been read and understood.
P281 Avoid breathing dust or fume. (uncured material only)
P264 Wash thoroughly after handling.
P273 Avoid release to the environment.
P280 Wear protective gloves, protective clothing, eye protection and face protection.
P337+P313 If eye irritation persists: Get medical attention.
P302+P352 If skin contact: Wash with plenty of water and soap.
P333+P313 If skin irritation occurs: Get medical attention.
P501 Dispose of contents and container in accordance with local and national regulations.

Description of any other hazards classified: N/A

4. FIRST AID MEASURES

Inhalation: In case of exposure to high concentration of vapor or mist, remove person to fresh air. Seek medical attention if any irritation develops.
Skin contact: Wash skin with soap and water. Remove any contaminated clothing and shoes and clean before reuse. Seek medical attention if irritation develops.
Eye contact: Hold eye open and rinse continuously with a gentle stream of clean water for at least 15 minutes. Seek medical attention if any irritation develops.
Swallowing: First aid is unlikely to be required but if necessary, rinse mouth repeatedly with water, ensuring that the water is not swallowed. Seek medical attention.
Information for Doctors: Treat symptoms conventionally after thorough decontamination.

5. FIRE-FIGHTING MEASURES

Extinguishing media: This product is not hypergolic, use carbon dioxide or dry chemical for small fires; aqueous foam or water spray for large fires.
Advice for firefighting: Wear full protective equipment (bunker gear) and self-contained breathing apparatus (SCBA).
Unusual Fire & Explosion: Emits irritation vapors but liquid is not flammable once it is on fire.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Safety glasses with side shields, gloves and laboratory coat recommended.
Environmental precautions: Avoid releases to the environment. Report releases as required by local and national authorities.
Method of cleaning up: Exposure to sunlight or artificial light will cause the resin to polymerize. Spread the paste to maximize the surface area. Once the material is hard, pick up and place into a container for disposal.

7. HANDLING AND STORAGE

Precautions for safe handling: Avoid contact with the eyes, skin and clothing. Avoid breathing dust or fumes. Wear protective clothing and equipment as described in Section 8. Use with adequate ventilation. Wash thoroughly with soap and water after handling. Keep containers closed when not in use. Do not reuse containers. Empty containers retain product residues and can be hazardous. Follow all SDS precautions when handling empty containers.
Conditions for safe storage: Store in a tightly closed container in a cool (29-90°F / 17-32°C), well-ventilated location away from incompatible materials. Do not store near high temperatures, light or ignition sources. Do not store in an oxygen-free environment. Avoid freezing the material.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Control parameters: Use in an enclosed process area is recommended.
Personal protective equipment: Depending on the conditions of use, protective gloves, apron, boots, head and face protection should be worn.
Eye protection such as chemical splash goggles and/or face shield must be worn when the possibility exists for eye contact due to splashing or spraying liquid, airborne particles, or vapor.
General protective and hygienic measure: Wash hands after handling material and before eating. See section 7 for full protective measures.
Breathing Equipment: None should be needed from normal use. If this material is handled at elevated temperature or under mist forming conditions, approved respiratory protection equipment should be used. Selection and use of respiratory equipment must be in accordance with applicable regulations and good industrial hygiene practice.
Protection of hands: Gloves are recommended. Depending on the condition so use, lab coat and/or arm shields may be used.
Material of gloves, Penetration time of glove material: N/D
Eye protection: Use of safety goggles with side shields is recommended.

9. EXPOSURE CONTROLS / PERSONAL PROTECTION

Information on basic physical and chemical properties.
Appearance
Form: Colored Liquid
Color: Colored, or having an intentionally added pigmented color
Odor: Ester-like odor
Odor Threshold: N/D
pH value at 20°C (68°F): N/D
Change in condition
Melting point/Melting range: N/D
Boiling point/Boiling range: N/D
Flash point: > 380°C
Flammability (solid, gaseous): N/D
Ignition Temperature: > 450°C
Decomposition temperature: N/D
Auto ignite: N/D
Danger of explosion: N/D
10. STABILITY AND REACTIVITY
Reactivity: None known.
Chemical Stability: Stable if handled and stored as directed.
Thermal decomposition/Conditions to avoid: Avoid heat, light and sources of contamination.
Possibility of hazardous reactions/Conditions to avoid: Heat, light, sources of contamination or inhibitor depletion may cause spontaneous polymerization generating heat and pressure. Closed containers may rupture or explode during run away polymerization.
Incompatible materials: Reducing and oxidizing agents, peroxides and amines.
Hazardous decomposition products: Thermal decomposition may release acrid smoke or fumes, carbon and nitrogen oxides.

11. TOXICOLOGICAL INFORMATION
Acute toxicity: Possible irritant. See section 2.
Primary irritation effect: See Section 2 for possible skin and eye irritation and sensitization.
LD/LC50 values that are relevant for classification: N/D
Additional toxicological information: N/D
IARC (International Agency for Research on Cancer) None of the components are listed.
NTP (National Toxicology Program) None of the components are listed.

All the components present in this product at concentrations equal to or greater than 0.1% are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

Substance Preparation Classification: Irritant

FULL TEXT OF ANY R-PHRASES AND S-PHRASES:
Risk Phrases:
R36/37/38 – Irritating to eyes, respiratory system and skin
R43 – May cause sensitization by skin contact

Safety Phrases:
S3 – keep in a cool place S7/9 -- keep container
S2 – when using do not eat or drink
S26 – In case of contact with eyes, rinse immediately with plenty of water and seek medical advice
S29 – do not empty into drains
S36 – Wear suitable protective clothing
S37/39 – Wear suitable gloves and eye/face protection
SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.
Pursuant to Title III of the Superfund Amendments and Re-authorization Act of 1986, (SARA) and 40 CFR Part 372, this product does not contain chemicals subject to the reporting requirements under Section 313. California Proposition 65: This product does not contain chemicals which are known to the state of California to cause cancer.

DISCLAIMER:
The information contained herein is given in good faith and is accurate to the best of knowledge at the date indicated above. User should consider this information only as additional. It is the user's responsibility to ensure that he is subject to no other obligations than those mentioned. No liability can be assumed for accuracy and completeness. It is the responsibility of the user to adapt the warnings to local laws and regulations. Safety information describes the product in terms of safety and can not be considered as technical information about the product.
