Connie will explain how tight muscle tissue affects your body and offer visual examples of some popular Assisted Stretches.

Connie C. Williams is a 40-year fitness industry leader and owner of The Power to Pause Stretching Studio. She co-created step/bench aerobics in the late 1980s, producing videos and traveling the world training instructors, corporate clients, and personal trainers – including Princess Diana’s personal trainer. VWC in-person meeting guidelines:
Our Vanderbilt Woman Club Guidelines are different from Nashville Guidelines:
VWC follows Vanderbilt University Phase Guidelines for COVID-19.
Vanderbilt University Guidelines are in Phase II:
“Gatherings up to 10 as long as physical distancing can be maintained and safety protocols (e.g., face masks/coverings) are followed.”
The board recommends: No sharing of food and drink. Members should bring their own food and drink to events at this time. Members cannot participate if they feel sick or have a fever.
We appreciate your concern for everyone’s health and your participation to help keep our members safe!
Dear Patients, Families, and Colleagues:

I am writing to you with welcome news.

Since the FDA emergency use approval and first shipments of COVID-19 vaccine in early December, Vanderbilt Health has administered the initial vaccine dose to well over 15,000 people working at the medical center. We are encouraged by this progress, and hope that we will soon begin to experience reduced numbers of Vanderbilt Health personnel unable to work due to COVID-19 community spread.

Based on this progress, and on direction from the Centers for Disease Control and Prevention (CDC) and the Tennessee Department of Health (TDOH), I am pleased to announce that we are able to begin vaccinating patients, starting with those age 75 and over. We have developed plans and procedures that will allow us to begin registering and vaccinating over 1,000 Vanderbilt Health patients every day, starting with this age group.

**We’ll reach out to you when it’s your turn to get the vaccine.**

We are now beginning to contact our patients age 75 and over through the My Health at Vanderbilt (MHAV) on-line patient portal. The most current information on patient groups eligible for vaccination through Vanderbilt Health, and details about the TDOH COVID Vaccine Plan can be found on [VUMC’s website](#).

If you are an established Vanderbilt Health patient, we’ll send you a message through your MHAV account to let you know it’s time for you to schedule your vaccine. If you are an established patient but don’t have an active MHAV account, [start yours now at this link](#). MHAV is the best way to manage and schedule your healthcare services through Vanderbilt Health, and it’s also the way we will contact you and register you for the vaccine. Importantly, over the coming weeks as additional allotments of vaccine become available to Tennessee, the TDOH will expand the eligibility criteria beyond age 75 and over. We will contact additional Vanderbilt Health patients as they become eligible through MHAV to schedule vaccination.

In the meantime if you already have an active MHAV account, please log in to make sure you remember your password and have access. Please also check your communication preferences in MHAV to make sure you have elected to get email notices from us.

**The most important thing to remember is that the COVID-19 vaccine is safe and effective.**

In my message over the holidays, “[A Holiday Gift](#),” I described the many benefits to getting vaccinated – including the remarkable impact on people who cannot be safeguarded by taking the vaccine themselves, either because it isn’t yet available to them, or because their immune systems won’t respond even if they do take it. Given the supplies of vaccine available, vaccinating the thousands of patients in our care will take months. I encourage you to schedule your vaccine as soon as we contact you – we are eager to vaccinate as many of our patients as possible not only to protect you, but also to gradually reduce the risk to those who are not yet vaccinated, or unable to be immunized. To answer your questions about COVID-19 vaccination, and those of your family and friends, at [this website](#) you will find more than 100 questions answered by our experts, as well as a growing library of videos and other valuable information.

We are grateful that you choose to receive your care from Vanderbilt Health. Together, we can control this pandemic and protect one another.

Sincerely,

Jeff Balser, MD, PhD
President and CEO, Vanderbilt University Medical Center
Dean, Vanderbilt University School of Medicine

1993 - The Centennial Year

The program of the Centennial Year was planned, not only to commemorate its past, but also to propel it into the future. It presented special opportunities to renew old acquaintances and to welcome newcomers to the Club. It was a yearlong affair.

Three VWC members who grew up on the Vanderbilt campus spoke at a monthly meeting; Grace Gardner, Eleanor Morrissey and Libby Zerfoss Fryer.

The Gibson girls performed at another meeting. They wore black skirts, white blouses and red taffeta sashes with hat bands to match. They sang Thanks for the Memories describing different aspects of the Woman’s Club. One verse included a description about the Holiday Potluck Lunches and the incredible food shared by all.

Three of the regular meetings were held in the homes of members who had special connection with the University.

The Welcoming Coffee began the year at the home of Martha Ingram, wife of the Chairman of the Board of Trust.

The Holiday Luncheon was hosted by Ann Robinson, wife of the Vice-Chancellor for Health Affairs.

There is a video stored in the University Achieves with Jennie Mills and Sassy Carroll in period costume. Blanche Henry Weaver wrote a 100-year history of the Woman’s Club. This history was expanded by Rita Hall and is currently getting edited and will be updated and available to all members.

The Spring Picnic was at the home of Faye Wyatt, the wife of the Chancellor.

Two events appropriately were held on the University campus. The Chancellor’s Address was given in Branscomb Formal Lounge. The dinner and candlelight concert --- to which spouses and friends were invited --- was at the University Club with the Blair School of Music providing the program.

The Centennial Committee presented to members at each meeting some reminder of the celebration. A garden party that was the door prize at the Opening Coffee. A Gibson Girl Chorus enlivened the scene at the Holiday Luncheon.

The Garden Party at the home of Chancellor and Mrs. Wyatt climaxed the year. With both Chancellor Heard and Chancellor Branscomb in attendance. A committee of fifty members planned the gala event. Round tables with beautiful white linen cutwork tablecloths with either clusters of African Violets in baskets or with white miniature parasols and spring flowers as the centerpieces. Lunches were served in black shiny boxes with pink, satin ribbon. A tribute to the original Ladies Literary and Musical Club was presented in music by the Blair Quartet.

Current member Elaine McKenna remembers dressing in costume and attending this ‘absolutely beautiful event’. It was fun to see many members in costume and in a ‘beautiful setting on a gorgeous day.’

This information was gathered from the VWC history and from down-memory-lane articles from the Magnolia News.
‘Get Fit’

Social distancing doesn’t have to be a deterrent for getting out and getting fit and a new year is a great time for renewed goals! Running is a great way to stay vibrant, feel better, and get your “glow” on! If running isn’t for you (or your knees), walking is equally good! If you would like some additional motivation, there are “virtual” races that you can participate in. These great races can be completed entirely at your leisure and pace, at a distance you can choose (5k, 10k, half-marathon, etc.), and they offer fun incentives (think swag AND medals!) to encourage runners and walkers to get out and exercise without gathering in huge crowds!

You’ll find many races support great charities as well.

Virtual Running Club (www.virtualrunningclub.com) recently held a “Ratification Race” that celebrated and honored the 100th anniversary of the ratification of the 19th Amendment (a portion of registration fees went to the National Park Foundation’s Women in Parks initiative)!

A quick Google Search for: Virtual Running Clubs will give you a list of great options to check out – or contact me any time for help, training suggestions, encouragement, or to schedule virtual walks/runs together!

Exciting races are happening virtually all the time.

Check out a virtual race and get or stay fit and healthy in reality (and socially distanced)!

Music Group

Dear Groupies,

Happy New Year to you ALL!! I miss you and our gatherings and hope by mid-year we will gather again.

Of course we can find musical performances online but it’s just not the same! We can always depend on the Blair School of Music to present various performances. They even included some comforting words by Emily Dickinson: "Hope is the thing with feathers- That perches in the soul". They suggest that through the words of artists "we discover that the human necessity to believe in possibility is one of our most precious gifts."

Through the Blair School of Music’s website, https://blair.vanderbilt.edu/ you can find a variety of performances to soothe your soul or invigorate your spirit until we can meet again!

Love to all and stay safe!

**Vanderbilt Blair School of Music**  adult online learning community.

Join the discussion on Zoom from the convenience of your home as Mitchell Korn, senior lecturer in music and educational outreach, uses video, images, stories and listening guides to bring great music to life. Classes are two hours in length and held during the day.

“Music and Civil Rights” is a six-session class that begins **January 14**. Social justice and the civil rights movement in the U.S. have always had music and musicians as a central inspiration and driving force. The music, in many cases, became anthems for protesters and celebrants. African American blues, Southern roots music, the Great Migration, Chicago blues, 1950s R&B and contemporary songs all have given the movement its voice.

“Symphony 101: New Ears for Music and the Orchestra” (eight sessions, beginning **January 13**) explores great classical music. Highlights include Beethoven’s Symphonies No. 5 and 9, Yo Yo Ma and Goat Rodeo, Strauss’ A Hero’s Life, and Greg’s Piano Concerto.

“Great Music, Great Films” (six sessions, beginning **March 10**) features important films in which music and musicians play the central role in the story. Films this fall include My Man Godfrey (1936), Design for Living (1933), Ninotchka (1939), Shop Around the Corner (1940), Sullivan’s Travels (1941) and Anatomy of a Murder (1959).

A SIMPLE GUIDE TO ATTENDING CLASSES VIA ZOOM LIVE-STREAM

You will be sent a ZOOM access link for your class if you have not already — just click the
link and follow the instructions that pop up on your computer screen.

Here are some step-by-step instructions for features within ZOOM.

ZOOM INSTRUCTIONS

We’ve chosen the ZOOM video-conferencing platform for its ease of use and generally
consistent quality of connection. It is recommended that you download the Zoom app,
although this is not required to participate. If you already have the Zoom app you may be in
need of an upgraded version in order to make things run as smoothly as possible.

About Zoom
How do I join a ZOOM meeting?
Updating my Zoom app

VIEWING OPTIONS

1. Look at top right of the ZOOM window. You will see an icon representing one of two view
options: Gallery View or Speaker View. Click the icon to switch views.

   ![Speaker View](image)
   ![Gallery View](image)

   - **Gallery View** lets you see small video thumbnails of all participants.
   - **Speaker View** lets you see the Active Speaker (the person speaking at any given time).

   We recommend that you keep your screen on Speaker View as that will keep your focus on
   the presenter and help you remain more connected to the information being shared.

2. On the bottom of your screen, in the bottom left corner of the toolbar, which you may have
to scroll over to see, there are controls for your microphone and video camera. This is where
you can both electively mute and unmute your microphone as well as start and stop the video
image of yourself.

   ![Unmute](image)
   ![Stop Video](image)

   Although muted audio is the default setting for most classes, be sure to mute your mic (lower-left corner of your screen) as soon as you sign on and whenever you are not speaking. This
   is important to avoid background noise and distractions for others.

   If you click on Stop Video, real time video of you will be replaced by a simple solid screen
with your name on it. You will still able to see others who have their own video playing. When
you want to return to using video so that you can be seen by the whole group, just click on
Start Video. Consider stopping your video if you are eating, talking with someone else in the
room, or doing anything else that might be distracting to others.
