SAFETY DATA SHEET
SYLVAGARD(R) 184 SILICONE ELASTOMER KIT
(BASE information is below)

SECTION 1. IDENTIFICATION
Product name: SYLVAGARD(R) 184 SILICONE ELASTOMER KIT

Product code: 0020000001050401

Manufacturer or supplier's name: Dow Corning Corporation
Address: 2801 South Wayne Road
Suite No. 200
Wayland, Michigan 49348

Emergency telephone: (800) 465-6300

Recommended use: Plasticization

SECTION 2. HAZARDS IDENTIFICATION
GHS classification: In accordance with 29 CFR 1910.1200

Not a hazardous substance or mixture

GHS label elements: Not a hazardous substance or mixture

Other hazards: None known

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS
Substance / Mixture: Mixture

Chemical name: Silicone

Hazardous ingredients:

| Chemical name | CAS No. | Concentration/% such
<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Ethylene glycol</td>
<td>107-21-1</td>
<td>≤ 0.3 % each</td>
</tr>
</tbody>
</table>

SECTION 4. FIRST AID MEASURES
In case of contact: In the case of accident, if you feel ill, seek medical advice immediately

In case of contact: If symptoms persist or in case of doubt seek medical advice.

SECTION 5. FIRE FIGHTING MEASURES
Suitable extinguishing media: Ordinary water

Unsuitable extinguishing media: None known

Specific hazards during fire fighting: Exposure to combustible products may be a hazard to health.

Hazardous combustion products: Carbon oxides

Specific extinguishing methods: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Evacuate area: If safe to do so

Evacuate area: If it is safe to do so

SECTION 6. EXPOSURE CONTROLS/PERSONAL PROTECTION
Inhalation: Passing fumes or mists may be a hazard to health.

Control parameters: None available

Biological occupational exposure limits:

SECTION 7. HANDLING AND STORAGE
Technical measures: See Engineering measures under EXPOSURE, CONTROL/PERSONAL PROTECTION section.

Local exhaust ventilation: Use only with adequate ventilation

Advice on safe handling:

Avoid inhalation of vapor or mist.

Avoid contact with eyes.

Avoid prolonged or repeated contact with skin.

Wear appropriate personal protective equipment when handling.

Precautions for safe storage:

Store in tightly closed containers.

Store in accordance with the particular hazard information.

Keep the substance away from all substances that are incompatible or hazardous.

Materials to avoid:

Strong alkali is used with the following products.

If ignited:

If ignited, remove to fresh air.

In case of skin contact:

In case of contact, immediately flush with soap and plenty of water. Remove contaminated clothing and shoes.

In case of eye contact:

Flush eyes with water as a precaution.

In case of inhalation:

If swallowed, DO NOT induce vomiting.

If swallowed, DO NOT induce vomiting.

If swallowed, induce vomiting.

If swallowed, induce vomiting.

Protection of body:

Select appropriate protective clothing and equipment.

Hand protection:

Select appropriate protective clothing and equipment.

Eye protection:

Select appropriate protective clothing and equipment.

Skin and body protection:

Select appropriate protective clothing and equipment.

SYLGARD® 184 SILICONE ELASTOMER KIT
(CURING AGENT information is below)

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal protection, protective equipment and emergency procedures:
Follow safe handling advice and personal protective equipment recommendations.

Environmental precautions:
Discharge into the environment must be avoided. Prevent further leakage or spillage if possible. If exposed to the material, seek medical attention.

Methods and materials for containment and cleanup:
Reduce spillage and prevent further spread by use of absorbent material. Use absorbent materials such as sand, sawdust, or other suitable materials.
